- TRAIL SYSTEM (Status)**  
 Addressed above.

**MORRISH ROAD NORTH CONSTRUCTION PROJECT - MEIJER'S** *(Status)*

The project is finally underway. As a note, we have talked about the repair of the area at Morrish & I-69 in front of the racetrack, in connection with this project. So as the Council is aware, we currently have no plans to fix this. As a re-cap, we checked the pricing for both concrete and asphalt repairs. Both were high. The current contractor isn't excited about the work as most of it would be sub-contracted. In addition, I think MDOT should be paying for all, or a portion of this. We'll keep looking for an equitable solution for the repairs. I'll keep the Council posted on developments.

**MORRISH ROAD SOUTH ARRA PROJECT & GUARDRAIL** *(Status)*

Pending final reconciliation of construction engineering fees. We are looking at options for replacing the guardrail and will be back for discussion in the near future.

✓ **LOCAL STREET FUND, TRAFFIC IMPROVEMENTS**

**2008 REPAIR ROSTER** *(Status)*

Jennie Lane was approved at the meeting of June 14<sup>th</sup>, total amount being \$123,955 (\$7,920 of this being construction engineering fees). The low bid contractor is "Mike & Son Asphalt Inc", of Bath Michigan. Work is underway with a two week completion estimate. Although we have bid the Cape Seal portion, we are not yet ready to award it as we are in the process of looking at the drainage structures on these streets for repairs that will have to be done before the sealing process. I estimate the cost for this work at around \$10,000. The total for the Cape Seal is \$103,526 (\$1,980 of which is construction engineering fees). As we discussed, the Cape Seal project could be scaled back, in that we could eliminate half or more of the streets we bid for the process. The problem here is that each of the streets we drop will end up in the "hugely expensive to fix" category very soon. Before either of these projects, we have about \$160,000 fund balance in 203 Local Streets. At the June 14<sup>th</sup> meeting, we decided to use contributions from the garbage fund for damages from the vehicles, and general fund supplements. Here is an estimate of the cost distribution:

	<i>Total Project Cost</i>	<i>101 Fund</i>	<i>203 Fund</i>	<i>226 Fund</i>
<i>Jennie Lane</i>	\$124,000	\$16,800	\$70,000	\$37,200
<i>Cape Seal</i>	\$104,000	\$2,800	\$70,000	\$31,200
<b>TOTAL</b>	\$228,000	\$19,600	\$140,000	\$68,400

We will be back with the Cape Seal appropriation and award as soon as we have the costs for the catch basin work.

✓ **WWS SEWER USE – IPP ORDINANCE** *(Status)*

Pending.

✓ **SEWER REHABILITATION PROJECT, I&I, PENALTIES** *(Status)*

Phase III was approved at the December 7 Council Meeting. I'll keep the Council informed on progress. As we have discussed, the County has always informed us that as long as we continue to work towards the reduction of infiltration and inflow, the penalties will not be assessed. Our relining and manhole rehabilitation should be much more than adequate to accomplished this.

✓ **WWS STORM WATER ORDINANCE** *(Status)*

We are still looking at this.

- ✓ **KAREGNONDI WATER AUTHORITY** *(Status)*  
Pending.
- ✓ **MARATHON STATION BLIGHT & NON-CONFORMING USE** *(Status)*  
I've had a number of conversations with Doug Weiland, the Executive Director of the Genesee County Land Bank, regarding options we have. Mr. Weiland is sympathetic to our concerns and pledges to work with the City. In conversation, we decided that it would be best to let the property take its "course" through the foreclosure process, ownership eventually ending up with the Land Bank. The Land Bank has an internal process wherein they can "bundle" groups of property and offer them for sale, satisfying the public auction requirement, with conditions such as environmental remediation, demolition of structures, etc. If unsold as a bundle, which is virtually every time, ownership transfers to the Land Bank. This process will take another 5 months or so. In the meantime, the City could work with the Land Bank in a couple of areas, one to attempt to get Marathon Oil Company to pay for some of the environmental remediation, and the second, begin development of an RFP to conditionally sell the property after the foreclosure process is complete.
- ✓ **SALE OF CITY PROPERTY 5129 MORRISH ROAD** *(Status)*  
Pending a report back to the Council with recommendation on the structure as well as the house the City owns at Morrish & Fortino.
- ✓ **SWARTZ AMBULANCE AGREEMENT** *(Status)*  
All funding related to the City's contribution towards the ambulance base has been terminated. I have spoken with Swartz Ambulance and they do desire to stay within the City. I plan to meet with them and discuss the future of the base and options that may exist.
- ✓ **MDOT PARK & RIDE** *(Status)*  
The lighting is operational and attractive. I had some concerns as LED light can be harsh and very bright. In the design, we toned the lumens down and chose fixtures that shielded the wash from the road and adjoining properties. I think it worked. Let me know if you like (or dislike) it. Now we get to submit to MDOT to see if they will pay us.
- ✓ **LABOR CONTRACTS** *(Status)*  
We approved no change to wages and extending the wage re-opener for the POLC and AFSCME agreements out to December, and thereafter, on six month increments, to meet and review finances. I look to do the same with the Supervisor's, as well as individual employment agreements.
- ✓ **GO GREEN, PUBLIC SAFETY BUILDING HVAC GRANT** *(Status)*  
The work was approved at the bid award price of \$36,934. Construction is nearly completed.
- ✓ **BOARDS & COMMISSIONS** *(Status)*  
We still have a bit of clean up appointments, foremost being the Park Board.
- ✓ **FIRE DEPARTMENT COST RECOVERY** *(Status)*  
Pending. As you recall, a small committee was appointed to look into this. The first meeting is scheduled for later this week.

✓ **SPRINGBROOK EAST & HERITAGE ASSOCIATION CONCERNS** (*Status*)

As we have touched on briefly in the past, we have two subdivisions that are in the early stage of construction and quite likely, it will be a long time, if ever, before they are completed. Both associations, being Springbrook East and Heritage Village, have been to the City seeking help. Springbrook East is further along in searching for solutions. Although the problems for the two associations are very similar, the association savings and ability to fund improvements differ. I have met several times with both associations and have additional meetings set with them as they continue to work towards a solution. I'll keep the Council posted.

## **NEW BUSINESS / PROJECTED ISSUES & PROJECTS**

✓ **COMMUNITY COVENANT PROGRAM** (*Resolution*)

U.S. Army Captain Brad Caton has asked the City to participate in the military's "Community Covenant Program". The program appears to be a partnership program that promotes good community relations with soldiers that live in the area. My guess is it also assists with recruitment activities. Both ways, it's a win-win. Captain Caton will be present at tonight's meeting to talk about the program, along with a couple of area resident active soldiers. I have a resolution – proclamation included with tonight's program.

✓ **FANG ASSIGNMENT EXTENSION** (*Resolution*)

Included with tonight's agenda is a resolution to extend our Officer's assignment to the FANG drug unit. I have no clue as to the future funding of this unit. There are two forces affecting this, one is the federal source Byrne Memorial Grants that fund the FANG Unit and the second is forfeitures seized by the unit. Betwixt the two, they make up the 50% grant. When this falls below the 50%, we must leave as it will now cost us to keep the officer there. Today, the ratio is 50%. The latter part of the summer and early fall will determine if it remains unchanged. The federal fiscal year ends September 30<sup>th</sup> and the grant distributions and forfeiture contributions that determine the match ratios will have to be in place. I have a resolution to continue the position for now.

✓ **REQUEST TO FORFEIT PROPERTY** (*Discussion*)

Included with tonight's program is a letter from Mrs. Gail Ricketts requesting to deed two lots on Dye Road to the City. She states she no longer wishes to pay the taxes on them and feels that the value has fallen to a point where she will not recover her investment. Notwithstanding that she could list and sell them (she may have tried this), she has two options. She could let them go to tax foreclosure or we could acquire them. The cost would be the taxes for this year (total \$3,118 winter & summer – both parcels) plus any closing costs, title transfer and insurance fees. Before we put too much effort in this, I'd like to have a bit of conversation with the Council.

## **Council Questions, Inquiries, Requests and Comments**

- ❑ *Traffic Lights, Bristol-Miller, GM-SPO.* Pending the direction that GM takes. New traffic counts as to warrants would need to be taken.
- ❑ *Sr. Center Budget, Statement, Building Cost Reconciliation.* Pending obtaining documents.
- ❑ *Deteriorated Retaining Walls & Planters at City Buildings.* The north wall at the Public Safety Building behind the Police Department collapsed. We are looking at solutions to take care of this more pressing problem first.
- ❑ *Tabled Garbage Collection Policy.* Resting comfortably... for now.
- ❑ *Elms Road & Downtown Banners.* I believe the Elms banners are in place. The downtown school banners will go back up later this summer.
- ❑ *Youth Programs in Park.* Looking into this.

**(Discussion Topic)**

City Manager Bueche discussed the possible repair and recapping of the streets in Springbrook East.

**MEETING OPENED TO THE PUBLIC**

Boots Abrams spoke about the grant to the fire department. Ms. Abrams also mentioned how nice the flowers in the downtown area look. The flowers are maintained by the Swartz Creek Women's Club.

## REMARKS BY COUNCILMEMBERS:

Councilmember Krueger spoke about some of the light poles in the City not having banners on them. Mr. Krueger questioned why there were no banners up this year. City Manager Bueche stated that he is looking into it. Mr. Krueger questioned whether the Swartz Creek schools were interested in putting banners up this year. Mr. Bueche stated that the City hasn't put them up yet, most likely due to labor issues.

Councilmember Hicks spoke about a resident that has been complaining about the ice cream truck that goes through the Village. Ms. Hicks questioned whether a permit was necessary for the ice cream truck. City Manager Bueche stated that a permit is required. Ms. Hicks stated that Bill Morgan was making a watering trailer for the Women's Club to make it easier for them to maintain the flowers in the City. Ms. Hicks asked whether a "slow moving vehicle" sign was necessary for the trailer. Mr. Bueche stated that it must comply with other vehicle rules governed by the State. Mr. Bueche advised that Mr. Morgan speak to him for clarification.

Councilmember Binder thanked the Kiwanis for sponsoring Camp 911 this year. Ms. Binder stated that two of her grandchildren went and had a great time. Ms. Binder stated that the Police and volunteers were wonderful and the children learned a lot.

Mayor Abrams questioned why the sewer rates increase with the water rates. Mayor Abrams questioned if they could draft an ordinance that all garbage be collected on one side of the street, so as to allow for less wear and tear on the streets when the trucks turn around to do the opposite side of the street. Mr. Abrams agreed that Camp 911 was great this year.

Greetings Mr. Bueche,

My name is Captain Brad Caton. I would like to explore the potential of Swartz Creek developing a community covenant at the local level with the US Army. This initiative began at the county level with the Oakland County Community Covenant signed at the Palace of Auburn Hills last fall. Recently, the Army has participated at the local level with Rochester Hills, Berkley, Orion Township and Troy. The municipal level events allow elected officials an opportunity to meet the Army Soldiers living/working in their community and can be a springboard to increased partnership in the future. Many of the Soldiers on active duty near Swartz Creek can offer volunteer services across a wide variety of skill sets, or assist civic groups as guest speakers/instructors. Depending on scheduling constraints, I would enjoy being able to meet in person to build momentum.

I have attached some of the recent community covenants for your reference if this is something your local officials would like to support.

Respectfully,

Brad A. Caton

## PROCLAMATION IN RECOGNITION OF THE MILITARY COMMUNITY COVENANT - APRIL 2010

**WHEREAS**, The Community Covenant Program is a formal commitment of support by state and local communities to Active, Guard and Reserve Soldiers and their families; and

**WHEREAS**, The Community Covenant Program is designed to foster and sustain effective state and community partnerships with the Army to improve the quality of life for soldiers and their families, both at their current duty stations and as they transfer to other states; and

**WHEREAS**, The strength of service members comes from the strength of their families, and the strength of families is supported by the strength of the community; and

**WHEREAS**, The strength of the community comes from the support of employers, educators, civic and business leaders and its citizens; and

**WHEREAS**, It is vitally important that local communities across America be aware of and recognize the sacrifices of soldiers and their families; and

**WHEREAS**, While Community Covenant is an Army program, it extends to the other Military Services as well, recognizing that many community efforts support all service members and their families regardless of the uniform they wear; and

**WHEREAS**, The City of Troy recognizes with sincere appreciation the commitment and sacrifices service members and their families are making every day;

**NOW THEREFORE LET IT BE RESOLVED**, That the City of Troy declares its commitment to building partnerships that support the strength, resilience, and readiness of service members and their families; and

**BE IT FURTHER RESOLVED**, That the Troy City Council supports the signing of the Military Community Covenant in partnership with Oakland County and local government officials.

Presented this 5<sup>th</sup> day of April 2010.

**A Resolution Supporting the  
Military Community Covenant**  
*Supporting Those Who Serve*

**Whereas**, the Community Covenant Program is a formal commitment by state and local communities to Active, Guard and Reserve Soldiers and their families; and

**Whereas**, the Community Covenant Program is designed to foster and sustain effective state and community partnerships with the Army to improve the quality of life for soldiers and their families, both at their current duty stations and as they transfer to other states; and

**Whereas**, the strength of service members comes from the strength of their families, and the strength of families is supported by the strength of the community; and

**Whereas**, the strength of the community comes from the support of employers, educators, civic and business leaders and its citizens; and

**Whereas**, it is vitally important that local communities across America be aware of and recognize the sacrifices of soldiers and their families; and

**Whereas**, while Community Covenant is an Army program, it extends to the other Military Services as well, recognizing that many community efforts support all service members and their families regardless of the uniform they wear; and

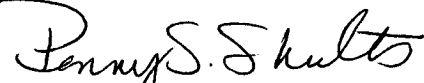

**Whereas**, the Charter Township of Orion recognizes with sincere appreciation the commitment and sacrifices service members and their families are making every day.

**Therefore Be It Resolved**, that the Supervisor and Board of Trustees of the Charter Township of Orion declare their commitment to building partnerships that support the strength, resilience, and readiness of service members and their families, and hereby support the signing of the Military Community Covenant in partnership with Oakland County and local government officials.

Lot 25, SUPERVISORS PLAT No. 44, City of Swartz Creek, Genesee County, MI

Dear Paul,

As according to our telephone conversation on Thursday, June 24, 2010, this letter is confirmation of my desire, as sole owner of the two parcels of land listed above, to turn them over to the city for immediate ownership. The taxes are current and paid up to those due 8-31-2010. The homes on the two properties have been removed as of the Summer 2009 and dead tree branches were removed on Lot 23. It would be to my advantage to have the City of Swartz Creek assume ownership of both parcels, to save my expenditure on ensuing property taxes. I received both properties in a divorce settlement, and took no part in their purchase. Please review the information enclosed, if it is enough to show ownership, and I will look forward to my meeting with you, Paul, on Tuesday, July 6th of this year.

Sincerely,

Re: Parcel No: 58-36-576-001, Abandoned Marathon Fuel Station  
7026 Miller at Elms Intersection

Dear **Mr. WEILAND,**

In regards to the caption and per our conversation, I wish to thank you for your time and personal attention towards a resolve to this property. As a bit of history, this parcel is an abandoned Marathon fueling station. It has been boarded up and in extreme disrepair for ten years. The property is a registered "facility" as defined by Michigan D.N.R.E. with underground storage tanks. The property sits on the northwest corner of the Miller & Elms Intersection with nearby access to I-69. The neighborhood is approximately half developed with relatively new retail establishments, being fast food restaurants, a Kroger Plaza and Financial Plus Credit Union. All of the retail in this area was required by the City to construct with high grade materials and carefully planned ingress-egress traffic management. This abandoned parcel has presented a significant negative impact on the area neighborhood, both developed and as of yet, un-developed.

We regularly receive queries on the property by developers and adjacent business owners looking to build or to acquire the parcel for blight remediation. Excessive negative equity commercial bank notes against the property have driven investor's away. The delinquent tax reverted status presents an opportunity for the City to seek a solution to the blight.

We have explored our options and kindly ask for the assistance of the Land Bank. Our single interest is in timely blight remediation. I fear that the property may be purchased by prospectors at a public sale for tax value, only to continue indefinitely in its current condition. To this end, we propose a partnership of sorts wherein the property continues in the Land Bank's acquisition process and to the extent permitted by law, restricted from the public sale of it without an agreement for the remediation and demolition of the structure. The City has several avenues that we could pursue during the acquisition process that would work to address our concerns and get the property viable and back on the tax role as soon as possible.

Please feel free to call at your convenience. In advance, your time and attention is greatly appreciated.

Sincerely,

Dear **Mr. CARE**,

In regards to the captioned property offered to the City on tax foreclosure, at this time we have no interest in its purchase for tax value. We do have a significant interest in its outcome though and pursuant to this, I have spoken with Mr. Weiland at the Land Bank on our concerns and proposed options. I have attached a copy of a correspondence I sent to him that details the City's interests and concerns.

Please feel free to call at your convenience. In advance, your time and attention is greatly appreciated.

Unless Council opposes this, we probably going to proceed with it and pay for it. Anytime you can close an access to a major street from a commercial drive, you further traffic and pedestrian safety.

To Whom It May Concern,

LBOE Company is requesting that the driveways at 7543 Miller Road be filled in. This area is very close to our building, especially the area in which our customers stand to place and receive orders. For the safety of our customers, we wish for these driveways to be filled in. July 9, 2010

Genesee County Metropolitan Planning Commission (GCMPC) administers several Federal and State of Michigan programs for the Flint-Genesee County area, such as the Community Development Block Grant Program, Federal Highway Administration Programs, Federal Transit Administration Programs, and the Solid Waste Management Program. A major component of these programs is the assurance that public participation is provided for and encouraged throughout the planning process. The planning process we follow is outlined and guided by the GCMPC Public Participation Plan or PPP (which can be accessed at this link: <http://www.co.genesee.mi.us/gcmipc-plan/Files/Docs/PPP/PPP%202007.pdf> ). GCMPC's PPP is currently in the process of being updated, and your input will help shape some of our changing guidelines.

We would like to invite you to represent your agency and serve as a committee member on the Public Participation Process Review Committee (PPPRC). The purpose of the committee is to review the public participation efforts of GCMPC and to provide feedback to staff. Since the review of our public participation efforts would be on a yearly basis, staff is anticipating that the PPPRC would only meet once a year. Our first meeting will take place on **Thursday, July 29th, 2010 at 10:00 A.M. in the Human Resources Training Room (located in the basement) of the Genesee County Administration Building (1101 Beach Street, Flint, Michigan, 48502).**

The PPPRC would evaluate GCMPC's public participation efforts to determine which efforts were successful and how to include them in future events. The less successful efforts would be evaluated and suggestions offered to improve future performance. The committee would also help identify barriers to local public participation, propose possible solutions to these barriers, and discuss the feasibility of the proposed solutions.

**Please fill out the attached survey** and mail it to the GCMPC offices (Room 223, 1101 Beach Street, Flint, MI, 48502) or you can fax it to (810)-257-3185) by Friday, July 23rd.

You can also access the survey online at:

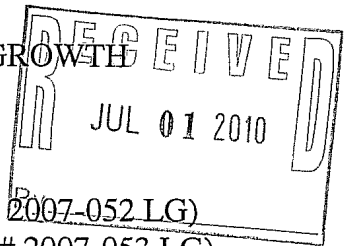

<http://www.surveymonkey.com/s/RVK5RM2>

We appreciate your time and feedback. Please contact Ann Marie Kerby of my staff at (810) 257-3010 or [akerby@co.genesee.mi.us](mailto:akerby@co.genesee.mi.us), and let her know if you are interested in participating in the Public Participation Process Review Committee.

## House Approves Expansion of PA 312

Last week, the House passed [SB 1072](#) without amendment, a bill that expands PA 312 to authorities. This includes fire authorities, 9-1-1 dispatch authorities and any other locally created authority that has law enforcement (Metro Parks authorities, airport authorities, etc.). Instead of reforming PA 312 to help local units of government, the Legislature has instead chosen to expand it broadly to an unknown number of entities. This will increase costs to local units at a time when we can afford it least. For more information, visit [abilitytopay.org](#). [View all the media coverage](#) we've received on this issue.
