City of Swartz Creek CITY MANAGER'S REPORT

Regular Council Meeting of Monday, January 26, 2015 - 7:00 P.M.

TO: Honorable Mayor, Mayor Pro-Tem & Council Members

FROM: Adam Zettel, City Manager

DATE: January 16, 2015

OLD / ROUTINE BUSINESS - REVISITED ISSUES / PROJECTS

✓ GOLF COURSE TAX APPEAL (Update)

This appeal has been dropped by the petitioner. We have been working with the new owner and their legal representative for many months, and we finally received an order of dismissal. It looks like the new owner evaluated their circumstances and sees the situation differently than a year ago.

✓ RACEWAY STATUS – AGENDA ITEM (Update)

The planning commission will be considering the zoning of the raceway on February 3, 2015. The entire site is zoned industrial. It is believed that the General Business Zoning designation will be more advantageous for the community and owner.

This zoning consideration follows recent news that the Sports Creek Raceway is officially closed and is for sale. They are already in the process of liquidating assets.

Our community will forego \$44,000 of general fund revenues annually moving forward.

This tax appeal is still out there as well. They are requesting a true cash value of \$500,000. The asking price is reportedly "a couple million."

One way or another, they still have 108.5 acres at a signalized intersection with I-69. Their appeal information is as follows:

2014 Taxable: \$904,200 2014 Taxable (requested): \$250,000

Whether the tax appeal flies or a sale ensues immediately, it is clear that this site will need to be repurposed. Perhaps more pressing is the consideration of ways in which the city could help assist with the reuse or redevelopment of this site in a way that benefits our town.

✓ **DOWNTOWN PARKING LOTS** (No Change of Status)

The trees are in. Now we await the light installation and fences.

- ✓ **STREETS** (See Individual Category)
 - ☐ MILLER ROAD RESURFACING PROJECT (No Change of Status)

The grade inspection for Miller Road, between Morrish and Dye, was held on November 5, 2014. The project is moving forward as planned, with some modifications and other design exceptions as described by Mr. Warren at our meeting on December 8th. The date set by the state for construction commencement was June 1, 2015, with completion on August 28, 2015. This is just a tentative schedule.

□ LOCAL STREET PLAN (Update)

Ballot language for the May street proposal is as follows:

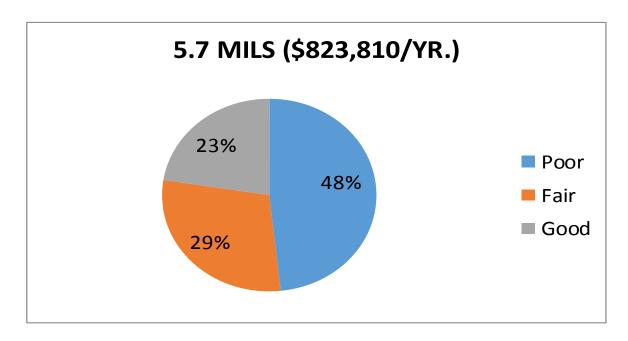

Ballot Question

Shall the City of Swartz Creek be authorized to levy a millage of up to a maximum of 5.7 mills (\$5.70 Per \$1,000 of taxable value) for twenty (20) years, 2015-2034, inclusive, for the purpose of funding construction and interest costs for the replacement, rehabilitation, repair, and maintenance of public streets and include pavement, sidewalk, curb, gutter, shoulders, and related drainage work within the City of Swartz Creek, the estimated revenues that will be collected during the first year of this millage as authorized and levied to be \$823,810?

The financial impact of 5.7 mils is as follows:

| Levy Impacts on Homes | 5.7 mil (\$665k/yr) | |
|---|---------------------|----------|
| | Month | Year |
| Home Value \$70,000 (\$35,000 taxable) | \$16.63 | \$199.50 |
| Home Value \$100,000 (\$50,000 taxable) | \$23.75 | \$285.00 |
| Home Value \$150,000 (\$75,000 taxable) | \$35.63 | \$427.50 |

The following represents the twenty year level of service at 5.7 mils:

The committee met on January 20^{th.} They selected a regular meeting time of 10:00 a.m. on Thursdays at city hall. They have begun working on an informational strategy and have directed the engineer to prepare a preliminary 20 year street investment schedule.

□ SCRAP TIRE GRANT (No Change of Status)

We submitted a placeholder application for another round of funding. This way, if a street levy/assessment is approved, we can begin construction in 2015 instead of 2016 and potentially save \$500,000 in the process. However, the state requested we resubmit the proposal for a lesser amount to reflect 4x higher demand for grant funds over what is available. The projects tentatively scheduled include:

| Parkridge Parkway | \$70,000 |
|-------------------|-----------|
| Yarmy Drive | \$162,000 |
| TOTAL | \$232,000 |

Reconstruction (including watermain)

| Worchester Drive | \$800,000 |
|----------------------|-------------|
| Worchester Watermain | \$345,000 |
| TOTAL | \$1,145,000 |

| Construction Total | \$1,377,000 |
|---------------------------------|-------------|
| Design/Construction Engineering | \$210,000 |
| TOTAL PROJECT COST | \$1,587,000 |

Funding Breakdown

| -Scrap Tire Grant (provisional) | \$125,000 |
|---------------------------------------|-----------|
| -Water Fund (including surface work) | \$500,000 |
| -Street Fund (levy/assessment needed) | \$962,000 |

Because of the loss in scrap tire grant availability, the city will have to wait for bids to come in and make tough decisions regarding the trimming of the project, the allocation of general fund dollars, or the delay of some street work. For the time being, we want to keep our foot in the door on any funds available.

✓ WATER – SEWER ISSUES PENDING (See Individual Category)

☐ SEWER REHABILITATION PROGRAM – AGENDA ITEM (Update)

In 2008, the city issued a request for proposals to perform sewer inspections and repairs in the city. The work included video inspections of lines, relining of lines, and repair of manholes. The review criteria was based upon firm experience, price, warranty, location of contractor, and related company features. At that time, Liqui-Force was selected to perform such services on behalf of the city for a period of four years. The original term for service was supposed to run from March 2008 to March of 2012. However, the contract was not awarded until December of 2008. Furthermore, funding delays have postponed a portion of the original scope of work, and the sewer rehabilitation plan was not completed by December of 2012.

Tom has been working with Liqui-Force to see if they will extend their unit prices yet again for the 2015 season. At this point, we are moving forward with our long term

inspection plan, including rehabilitation needs as previously drawn up (these are attached). Liqui-Force has agreed to do so. The city is recommending relining of portions of the Worchester Drive sewer line and inspection of sections of Seymour, Greenleaf, Durwood, Valleyview, Birchcrest, Chesterfield, and Chelmsford as indicated in the attached proposal. Extending the units costs to this scope of work is estimated to cost \$146,320.

We recommend approval of the project and its funding so that work can be completed while the ground is still frozen. We anticipate that we will eventually need to bid this service out again, but at least we have a working plan for the next 20 years.

□ BEAR CREEK SANITARY SEWER AGREEMENT (No Change of Status) Gaines has new leadership. We await their response to the city approval.

☐ KWA (No Change of Status)

The KWA water pipeline project is currently under budget and on schedule. We should be online in 2016.

□ STORM SEWER (No Change of Status)

The ordinances are approved. We await final approval from the state regarding our National Pollutant Discharge Elimination System (NPDES) permit. Recently, Mr. Svrcek has been networking with other communities in Genesee County about future expectations of the NPDES permit and common problems. We may investigate new partnerships for permitting instead of using the county.

□ WATER LOSS (No Change of Status)

We have been auditing accounts and upgrading large customer meters, including General Motors. One large retail customer was found to have a billing error that will account for some of the water loss. Unfortunately, what we are finding is that the loss is more comparable to a thousand paper cuts than a nick to a large artery. So, while we are making progress, we don't expect to solve the loss by changing one bad meter or finding a large leak.

We have also discovered that there was water entering (but not leaving) the water tower. This tower was supposed to be sealed off with a closed valve. We have double-valved the water tower off from the system, with the intention of physically disconnecting it this summer. The water that we drained would have contributed to substantial water loss (over 40,000 cubic feet if full).

Another step we are taking is to meter water usage for the Swartz Creek Area Fire Department. We intend to monitor the use this summer and plan to bill for the usage in the next fiscal year.

□ WATER RATES (No Change of Status)

We received notice that water rates are going up again as a result of DWSD contract issues. The impact on the city will be approximately \$87,000 annually. The rate will begin impacting us in March, and we anticipate another rate increase from the county in July.

We have budgeted about \$185,000 in excess of regular operating costs for the purpose of capital investment on an annual basis. This means that we can absorb the rate increase without compromising operations. However, our ability to sustainably invest in the old system with projects such as that proposed for Worchester would be severely compromised.

Given the timing and scale of the recent increases to our customers, I recommend we absorb this increase until we know what is happening in July. At that point, we can evaluate the new rate structure and compare it to our strategic operating and investment goals.

On the bright side, the Karegnondi Authority should be selling us water by 2016. I expect stable rates at that time. We may even benefit from a rate decrease judging by the rapid ascent of rates from Detroit.

✓ PERSONNEL: POLICIES & PROCEDURES (No Change of Status)

I have taken some best practice polices from our own collection and from across the state and have created a working document. I will need time to compare this against our collective bargaining agreements, the desires of department heads, and our legal counsel.

✓ **5017 THIRD STREET** (No Change of Status)

The planning commission will review this property at their regular meeting on February 3rd.

√ 4438 MORRISH ROAD (No Change of Status)

At the first December meeting, the DDA presented findings to the council and sought permission to move forward with formally exploring the development of the parcel. The council continued the decision until after the New Year. I will bring their request back at that time. If council members can convey their individual concerns and questions at this meeting, or to me directly, I will be better prepared to discuss these. A summary of the efforts so far follows.

At the November DDA meeting, an architect presented some conceptual options that they believe are possible from a market and physical standpoint. They believe this site is well suited for dense housing. They believe that a commercial component may be feasible on the corner of Morrish, due to higher exposure and access, but they do not believe office, retail, or other commercial uses would work on Fortino Drive.

In accordance with the DDA vision and prior recommendations by market consultants (Anderson Economic Group), the DDA agrees with this assessment. New housing would bring residents downtown, adding disposable income, tax base, social capital, and positive branding (image building). The housing proposed, likely to be townhouse style, is also more practical from a market standpoint because it is not as risky as commercial space or low density housing options. Again, this is all conceptual only! This plan is intended to present a visual of what the site COULD look like if developed. It is not intended to reflect proposed traffic patterns, density, or even use. It also does

not preclude the movement of Fortino Drive or the inclusion of public components, such as parking.

The DDA is really just asking the question: will the city council consider a development of some type here, or is the land slated to be used for another purpose? If interested, the DDA will engage professionals, at their expense, to explore options and test the function and marketability of such options. Based upon my work with the DDA and the current circumstances, I believe this is the right course and support the concept.

Ultimately, the city council would have final say over any sale and any site plan that is approved.

✓ SHARED SERVICES, POLICE DEPARTMENTS (Update)

Officers of both departments were sworn in at a joint ceremony on January 14th. In addition to the oath of office for our officers, there will also be a departmental meeting to begin forming committee assignments with the officers in order to develop effective planning for the future potential consolidation of the two departments.

I have started to hold regular meetings with city and township staff. We anticipate forming committees with a broad membership to evaluate merger issues ranging from finance and personnel to public outreach.

The very next step will likely include a search for independent legal counsel that can mediate the process and structure a temporary entity that has the ability to represent a neutral authority.

✓ SPRINGBROOK EAST & HERITAGE VACANT LOTS (No Change of Status)

Following are issues pending for the three Associations:

| SPRINGBROOK COLONY | SPRINGBROOK EAST | HERITAGE VILLAGE |
|-----------------------|-----------------------|--|
| No outstanding issues | No outstanding issues | Seek solution for 4 vacant lots owned by city. |

Three units have sold in Springbrook East and are under construction. At some point next year, the city council should look at what to do with the funds in excess of the city's input that we are getting for these units.

✓ **MEIJER COMMUNITY DONATION** (No Change of Status)

I have contacted Meijer, and they definitely wish to have a public event to commemorate their contribution to the community. Perhaps a recognition of their donation along the Veteran's walk on Fortino would be appropriate during Memorial Day.

✓ WINCHESTER WOODS LOTS (No Change of Status)

Tom and I have taken a harder look at the development of this area. Previously, the city considered an assessment that would provide drainage, curbs, gutters, road construction, street lights and sidewalks. The price per lot was absurd (over \$30,000 per lot). What we have found over the years is that the desirability of the area is large based upon its rustic feel. In fact, the asphalt millings used on the road are garnering much praise from the residents.

I think the goal should be to make these lots buildable for quality homes. The city could probably achieve this with less intensive ditching and surfacing of the roads, sans the underground drainage system, lights, curbs, and sidewalks. This would drastically reduce the scope of the project.

Tom may begin the process of using our crews to place asphalt millings on the twotrack paths in the coming months (years), as well as working on ditching/drainage. Since most (but not all) underground utilities are in place, we may be able to enable lot sales in the near future without much capital investment.

Concerning the city-owned lots. I suggest we hold on to these for a few reasons. 1. We may need them to make the large area usable, by providing drainage transportation or detention. 2. There is no value to speak of at this point. 3. A sale of lots to an adjacent property owner could compromise the success of any special assessment for improvements and the ability to use these lots for single family homes.

✓ NEWSLETTER (No Change of Status)

The newsletter has been sent out. Let us know what you think.

✓ CONSUMERS ENERGY STREET LIGHT AUDIT (Update)

The contract has been approved and we will send this to Consumers. We have an intern performing a field audit on the contract as it relates to referenced lights on our street network. This is in process. Errors can be adjusted and reflected on the current contract anytime.

I have also written to Consumers to request formal dialogue on the refund issue. At some point, we may have to cut our losses. I say this because it will be difficult and expensive to objectively demonstrate past use of the lighting system, as well as to carry on a legal dispute with a public utility.

The original report follows:

Consumers Energy has been performing an audit for quite a long time. I don't know how long since I was not here, but I suspect it has been years. What they were doing, literally, was inspecting the entire city system and comparing the number, location, and type of fixtures observed in the field with what is on our street lighting contract. I have attached their findings.

The bottom line is that our city has been overbilled by ~15% annually, mostly due to light classification as opposed to light count. Lower bills and a credit are on the way, which is good. However, since the Michigan Public Service Commission (MPSC) only permits overbilling corrections to span three years, we have been fleeced pretty good overall. To take it a step further, the mistakes made certainly appear to be more than one or two data entry errors or 'oops' moments by those in the field. For example, our prior bill had us on for seventy-six 700 watt mercury vapor. As it turns out, we had zero. The much cheaper 250 watt HPS were under billed by ninety-four. The 100 watt HPS were also substantially under billed.

Don't get me wrong. I generally enjoy working with Consumers Energy, but such broad sweeping 'upgrading' of the fixtures on the lighting contract seems somewhat strange. Every time Consumers changed a bulb, their electric demand dropped, but they never (or seldom) altered our bill. I inquired of the matter on the city manager's email list serve to see what other communities were experiencing, and we are not alone.

So, what now? We can be thankful that an audit was done, sign the new agreements, take the credit, and pay lower bills. -OR- We can look to further negotiate the return of overpayments extending back beyond three years, either as a single entity or as a collective of cities capable of stronger legal action. I am making more legal inquiries now to ascertain the probability of further negotiating or otherwise being awarded a larger judgment by the MPSC.

What is at stake? Each month that we delay, we could be losing \$1,500 in general fund money by not entering into the new contracts, and issues like this are seldom resolved quickly. What is there to gain? That is hard to say. It depends on how long ago the changes to our system were made in the field. If the HPS were installed three years ago, there isn't much to gain at all and we should dive into the new agreements. If they were installed 20 years ago, there could be a half million dollars of general fund money at stake (depending on inflation and applicable interest).

If the council wishes to put this behind us, there are immediate savings to be had. My experience with Consumers and MPSC lead me to believe that this is the ultimate result we will be forced to live with (think of the Bristol Road project and the Verizon bill). However, I would be remiss to encourage a quick execution of this agreement if we lose our ability to get back previous overcharges that the community may be entitled to.

I will continue to make inquiries with other communities, our legal counsel, and the Michigan Municipal League.

✓ RENTAL REGISTRATION AND INSPECTIONS (No Change of Status)

It looks like the legislature will leave rental registration alone. I am working on the last of the administrative forms and scoring sheets that would be used in the inspection process. Once this is complete, I will forward these to the council for review with the ordinance.

✓ FAIRCHILD AND MILLER INTERSECTION LIGHTS (Update)

Consumers sent affirmation that the lights are able to be installed. They request a change to our current street lighting contract. Since these lights appear to be on the modified contract that we just approved, I do not think this is necessary. I will affirm this by the next meeting.

- **✓** OTHER COMMUNICATIONS & HAPPENINGS (Update)
 - MONTHLY REPORTS (Update)
 There is a Consumers Energy hearing notice.
- ✓ BOARDS & COMMISSIONS (See Individual Category)

□ PLANNING COMMISSION (No Change of Status)

The Marathon site (Biggby Coffee) was reviewed at the December 2, 2014 meeting. The proposal included a Biggby Coffee and Subway restaurant, both with separate drive through facilities. The site has many noted issues related to parking, drive through function, and traffic. The planning commission continued the review in order for the petitioner to complete and submit a traffic impact assessment.

There has not been any more progress on this plan, so the January meeting was cancelled. We have received a notice to proceed with the review at the February 3rd meeting. I do not know if the petitioner will submit site plan changes or a traffic assessment as required by the planning commission and zoning ordinance.

□ **DOWNTOWN DEVELOPMENT AUTHORITY** (No Change of Status)

They met January 8th to go over the waiver option on the street levy and to discuss the Morrish/Fortino property. The waiver was approved. I will be working with the council in the coming weeks and months on the vacant land issue to attempt to resolve issues with parking and the Fortino/Morrish intersection.

☐ **ZONING BOARD OF APPEALS** (No Change of Status)

They met on December 17th to hear variances related to the Biggby Coffee proposal (parking/stacking shortage among others). These variances were conditionally approved. However, the site plan must still be approved by the planning commission and city council. The outstanding issue is site access and the related traffic assessment/study.

□ PARKS AND RECREATION COMMISSION (No Change of Status)

The commission affirmed the scope of the Recreation Passport Grant. They have tentatively approved a scope for the grant work which follows:

Elms Park Recreation Passport Grant Proposed Scope

| | | | <u>Unit</u> | |
|---|----------|-------------|--------------|---------------|
| Work Item Description | Quantity | <u>Unit</u> | <u>Price</u> | <u>Amount</u> |
| Restroom Renovation | 1 | LS | \$41,500 | \$41,500 |
| Barrier free parking at main pavilion (Add 1 van accessible stall with fill from DPW) 16' x 20' HMA and signage | 1 | LS | \$3,500 | \$3,500 |
| Speed table concrete road crossing, 6" thick, 45' x 8' | 360 | SFT | \$6 | \$2,160 |
| Concrete sidewalk to metal pavilion, 5' x 60' (fill and culvert by DPW) | 300 | SFT | \$4 | \$1,200 |
| Concrete sidewalk to Tammy Reaves Memorial pavilion, 5' x 130' | 650 | SFT | \$4 | \$2,600 |
| Barrier free parking at south parking lot 16' x 20' HMA and signage | 1 | LS | \$3,500 | \$3,500 |
| Backstop | 1 | LS | \$3,200 | \$3,200 |
| Exercise stations, manufactured, installed | 3 | EA | \$1,200 | \$3,600 |
| Paved walking path, 8' wide | 500 | LFT | \$30 | \$15,000 |
| MDNR sign | 1 | LS | \$500 | \$500 |

| SESC, restoration | 1 | LS | \$1,000 | \$1,000 |
|--------------------------------|---|----|---------|------------|
| Estimated Construction Cost | | | | \$77,760 |
| Construction Contingency (20%) | | | | \$15,552.0 |
| Total Estimated Project Cost | | | | \$93,312 |

I will present this scope and the park site plan at a meeting in January to seek council conceptual approval. I will also write this grant during the winter months. Once that is completed, the city council will review and approve (or deny) the formal application to the State of Michigan Department of Natural Resources. Applications are due in April of 2015 with construction expected in the spring of 2016. A match of approximately \$50,000 would be expected from the city. This could be done with a combination of in-kind services, volunteer labor, donated money/materials, and general fund money.

□ BOARD OF REVIEW (No Change of Status)

The Board of Review met on December 9th and had four petitioners.

NEW BUSINESS / PROJECTED ISSUES & PROJECTS

✓ SENIOR CENTER EMERGENCY PLAN PREPARATION

The Senior Center has created an internal emergency plan, and they wish to present this to the city council. I have not had a chance to go over it yet but will likely do so this weekend. My understanding is that this is for senior center emergencies only, and is not intended to function as a general community plan wherein the center acts as a resource to others.

✓ PARK FEE WAIVER REQUEST

The Swartz Creek Women's Club is requesting a fee waiver for their event at Elms Park. This group does a tremendous amount of work directly for Elms Park. This specific event is used as a planning session for that work. Given the intent and wording of our park fee waiver guidelines, this appears to qualify.

✓ INVESTMENT POLICY AND DESIGNATION OF DEPOSITORY LIST

Attached are the city's investment policy and designation of depository listing. There have been no changes to the policy. There has been an addition of Huntington Bank to the depository listing as they have become more prevalent in the community.

✓ MID-YEAR BUDGET AMENDMENTS

The adjustments for the city's estimated revenue and expenses for year-end are based on current year to date activity. These adjustments are very small netting out to be less than \$2,000 for each fund, with the exception of a revenue increase of \$22,416.14 to the Motor Pool Fund for equipment rental which reduces the project deficit in this fund.

Current adjustments are based on year to date expenses and revenues. The year to date amounts reflect about 5 ½ months expenses, in some cases, because some December invoices may not have been received by December 31st.

Several issues were not known while compiling the original budget adopted for July 1, 2014 that will affect our year end. Some of these issues are: changes in health care premiums for employees, retirement of staff, and redistribution of wages and benefits for administrative and department of public works staff due to the addition of part-time employees. Future adjustments to the budget may be necessary due to actual work assignments for staff. Current estimates were based on prior year work assignments; these will have to be adjusted and will be incorporated into future budgets moving forward.

We are hoping that mid-year adjustments will help staff plan the expenditures for the remainder of the fiscal year. Staff will again revisit each fund as year-end approaches and bring any necessary adjustments to council. We hope to have a second set of budget adjustments for the first meeting in February.

✓ EMERGENCY ORDINANCE 419

We performed enforcement on sidewalks for the first time on Wednesday, January 14, 2015. We cleared 121 lots, incurring over \$3,000 in charges. This cost varies for large walkways but is a flat \$25 for residential lots. We have not fined properties, but we did intend to pass along the costs of clearing the walk.

Unfortunately, we published the ordinance earlier than explicitly stated in the ordinance (March). Because the ordinance explicitly states that publication must be DURING September instead of PRIOR to September, this clouds enforceability. Mr. Gildner believes that the provisions were still enforceable given the degree of media exposure, coverage in two newsletters, and publication of the ordinance at an earlier date.

Given the uncertainty, we made the executive decision to use this as an opportunity for one final warning. We sent out letters to affective property owners that outlined our intent and enforcement measures of the ordinance (an example is in the packet).

Given the response, I am glad we did. Feedback from those affected indicated a high degree of willingness to comply, combined with a general lack of preparedness. We were also able to work out some bugs in our enforcement actions with the contractor that were identified with the initial run. This will enable us to better target and document properties in need of enforcement.

With the final warning distributed, we intend to apply enforcement as needed moving forward. To do so, I have altered the publication requirement of the ordinance. Because our ability to clear sidewalks might be in jeopardy, I am looking for a declaration of an emergency ordinance to make this effective as soon as possible.

✓ BS&A SOFTWARE PURCHASE

The city is moving forward with the purchase of software that will better enable us to track fixed assets, from trucks to servers. This has been a targeted area of improvement for years, and our integrated software provided by BS&A has a good system. This move is something our auditors support to ensure proper tracking, cost apportionment, disposal, and reporting of assets city-wide.

This is a budgeted purchase that we have been looking to make for about one year. I have included the invoice and a supporting resolution.

WHEREAS, the city maintains a policy to manage invested public funds in a manner which will provide the highest investment return with the maximum security while meeting the daily cash flow demands of the City of Swartz Creek and conforming to all State statutes and local ordinances governing the investment of public funds; and

WHEREAS, the policy includes a listing of eligible banking institutions that may change from time to time based upon the rating of such institutions; and

WHEREAS, the city treasurer has updated the designation of depository list to reflect the current ratings; and

WHEREAS, there are no changes to the investment policy at this time.

NOW, THEREFORE, BE IT RESOLVED, the Swartz Creek City Council accept the Investment Policy and Designation of Depository for City Funds as follows:

I. POLICY

It is the policy of the City of Swartz Creek to invest public funds in a manner which will provide the highest investment return with the maximum security while meeting the daily cash flow demands of the City of Swartz Creek and conforming to all State statutes and local ordinances governing the investment of public funds.

II. SCOPE

This investment policy applies to all short term operating funds of the City of Swartz Creek and any new fund created by the local unit, unless specifically exempted by the City Council. These assets are accounted for in the City of Swartz Creek's annual financial report.

III. INVESTMENT OBJECTIVES

The following investment objectives, in priority order, will be applied in the management of the City of Swartz Creek's funds.

Safety

The primary objective of the City of Swartz Creek's investment activities is the preservation of capital in the overall portfolio and the protection of investment principal.

The authorized investment staff will employ mechanisms to control risks and diversify investments regarding specific security types or individual financial institutions.

Liquidity

The investment portfolio will remain sufficiently liquid to enable the City of Swartz Creek to meet operating requirements, which might be reasonably anticipated.

Return on Investment

The investment portfolio shall be designed with the objective of attaining a market rate of return throughout budgetary and economic cycles, commensurate with the investment risk constraints and the cash flow characteristics of the portfolio. Return on investments shall be of secondary importance compared to the safety and liquidity objectives above.

IV. PRUDENCE

In managing its investment portfolio, City of Swartz Creek officials shall avoid any transaction that might impair public confidence. Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived.

The above standard is established as the standard for professional responsibility and shall be applied in the context of managing the overall portfolio. Investment officers of the City of Swartz Creek, acting in accordance with State statute, this Investment policy, written procedures as may be established, and exercising due diligence, shall be relieved of personal responsibility for an individual security's credit risk or market price changes, provided that deviations from expectations are reported in a timely fashion, and appropriate action is taken to control adverse developments.

V. DELEGATION OF AUTHORITY

Authority to manage the City of Swartz Creek's investment program is derived from State statutes.

Responsibility for the investment program is hereby delegated to the City Manager, or his designated representative hereinafter referred to as investment officer, who shall establish written procedures for the operation of the investment program consistent with this investment policy. The Investment Officer shall be responsible for all transactions undertaken, and shall establish a system of controls to regulate the activities of subordinate officials.

VI. ETHICS AND CONFLICTS OF INTEREST

Officers and employees involved in the investment process shall refrain from personal business activity that could conflict with proper execution of the investment program, or which could impair--or create the appearance of an impairment on--their ability to make impartial investment decisions. Employees and investment officials shall disclose to the City Manager any material financial interests in financial institutions that conduct business with the unit, and they shall further disclose any large personal financial investment positions that could be

related to the performance of the City of Swartz Creek's portfolio. Employees and officers shall subordinate their personal investment transactions to those of the City of Swartz Creek, particularly with regard to the time of purchases and sales.

VII. SAFEKEEPING AND CUSTODY

1. <u>Authorized Financial Dealers and Institutions</u> - The Investment Officer will maintain a list of financial institutions. In addition, a list will also be maintained of approved security broker/dealers selected by credit-worthiness, who maintain an office in the State of Michigan or who are "primary" dealers or regional dealers that qualify under Securities and Exchange Commission rule 15C3-1 (uniform net capital rule.) No public deposit shall be made except in a qualified public depository as established by State law.

All financial institutions and broker/dealers who desire to become qualified bidders for investment transactions must supply the Investment Officer with the following: audited financial statements for the most recent fiscal year; certification of having read and agreeing to abide by the City of Swartz Creek's investment policy and the pertinent State statutes; proof of National Association of Security Dealers certification; and proof of State registration, where applicable.

An annual review of the financial condition and registration of qualified bidders will be conducted by the Finance Director. Information indicating a loss or prospective loss of capital on existing investments must be shared with the City Manager of the City of Swartz Creek immediately upon notification.

2. <u>Internal Controls</u> - The Investment Officer shall establish a system of internal controls, documented in writing, which is designed to prevent losses of public funds arising from fraud, employee error, and misrepresentation by third parties, unanticipated changes in financial markets, or imprudent actions by employees and officers of the City. The internal control structure shall be designed to provide reasonable assurance that these objectives are met. The concept of reasonable assurance recognizes that (1) the cost of a control should not exceed the benefit likely to be derived and (2) the valuation of costs and benefits requires estimates and judgments by management.

All securities purchased by the City of Swartz Creek under this section shall be properly designated as an asset of the City and held in safekeeping by a third party custodial bank or other third party custodial institution, chartered by the United States government or the State of Michigan, and no withdrawal of such securities, in whole or in part, shall be made from safekeeping except by the Investment Officer as authorized herein, or by respective designees.

Internal controls will also encompass at a minimum the additional issues:

separation of functions including transaction authority from accounting and record-keeping, delegation of authority to subordinate staff members written confirmation of telephone transactions, specific guidelines regarding securities losses and remedial action, documentation of decisions made at the committee level and avoidance of physical delivery securities. Further all confirming written transactions shall be signed by the Investment Officer or Finance Director.

3. <u>Delivery vs. Payment</u> – all trades will be executed by delivery vs. payment to ensure that securities are deposited in an eligible financial institution prior to release of funds. Securities will be held by a third-party custodian as evidenced by safekeeping receipts.

The City of Swartz Creek will execute third party custodial agreement(s) with its bank(s) and depository institution(s). Such agreements will include letters of authority from the City of Swartz Creek, details as to responsibilities of each party, notification of security purchases, sales, delivery, repurchase agreements and wire transfers, safekeeping and transactions costs, procedures in case of wire failure or other unforeseen mishaps including liability of each party.

VIII. AUTHORIZED AND SUITABLE INVESTMENTS

- 1. The City of Swartz Creek is empowered by State statute (1988 Public Act 239, M.C.L. 129.91) to invest in the following types of securities:
- a. Bond, securities, and other obligations of the United States, or an agency or instrumentality of the United States including securities issued or guaranteed by the Government National Mortgage Association;
- b. Certificates of deposit, savings accounts, deposit accounts, or depository receipts of a bank which is a member of the federal deposit insurance corporation or a savings and loan which is a member of the federal savings and loan insurance corporation or a credit union which is insured by the national credit union administration, but only if the bank, savings and loan or credit union is eligible to be a depository of surplus funds belonging to the state under section 5 or 6 of Act No. 105 of the Public Acts of 1855, as amended;
- c. In United States government of federal agency obligation repurchase agreements.
 - d. In banker's acceptances of United States banks;
- e. Mutual funds registered under the investment company act of 1940, title I of chapter 686, 54 Stat. 789, 15 U.S.C. 80a-1 to 80a-3 and 80a-4 to 80a-64, with the authority to purchase only investment vehicles that are legal for direct investment by the City. This authorization is

limited to securities whose intention is to maintain a net asset value of \$1.00 per share.

- f. Investment pools through an interlocal agreement under the urban cooperation act of 1967, 1967 (Excess) PA 7, MCL 124.501 to 124.512. All of the pools are limited to investments described in Sections a-f.
- g. Investment pools organized under the surplus funds investment pool act, 1982 PA 367, 129.111 to 129.118. All of the pools are limited to investments described in Sections a-f.
- 2. The Investment Officer is restricted to investments which meet the statutory restrictions above and limitations on security issues and issuers as detailed below:
- a. Repurchase agreements shall be negotiated only with dealers or financial institutions with whom the City has negotiated a Master Repurchase Agreement or with the City of Swartz Creek's primary bank. Repurchase Agreements must be signed with the bank or dealer and must continue provisions similar to those outlined in the Public Security Association's model Master Repurchase Agreement.
- b. Certificates of Deposit shall be purchased only from financial institutions, which qualify under Michigan law and are consistent with Opinion No. 6168, Opinions of the Attorney General (1982).
- c. To the extent possible, the investing officer will attempt to match investments with anticipated cash flow requirements. Specific City Council approval is necessary for investments exceeding eighteen months. Unless matched to a specific cash flow requirement, the City of Swartz Creek will not directly invest in securities maturing more than 10 years from the date of purchase. No more than 25 percent of the City of Swartz Creek's total investment portfolio shall be placed in securities maturing in more than 10 years. No more than 50 percent of investment vehicles maturing in any given month shall be of non-liquid nature (non-negotiable CD's, commercial paper, etc.)
- d. No more than 50 percent of any one fund's surplus operating cash may be invested in commercial paper rated at the time of purchase within the 2 highest classifications established by not less than 2 standard rating services and which matures not more than 270 days after the date of purchase; Commercial Paper held in the portfolio which subsequently receives a reduced rating shall be closely monitored and sold immediately if the principal invested may otherwise be jeopardized.
- e. Investments will be diversified by security type and institutions. With the exception of U.S. treasury securities and authorized investment pools (as a long term investment program), no more than 50 percent of

the total investment portfolio will be invested in a single security type or with a single financial institution. With the exception of using affiliates of the major Banking Institute and upon receipt of written confirmation that funds are fully insured when held by the affiliates.

Excluding the Property Tax Bank Account, with 100 percent of funds being deposited with the City of Swartz Creek's major Banking Institute with monies in the checking and Municipal Governmental Cash Investment Fund to be liquid and transferable to the respective taxing agencies on a biweekly basis during the tax collection period.

Excluding amounts pooled in the Commercial Sweep Account and held for less than 91 days which will remain liquid and transferable to meet financial obligations associated with daily operations.

IX. CASH MANAGEMENT

The City of Swartz Creek's Policy regarding cash management is based upon the realization that there is a time-value to money. Temporarily idle cash may be invested for a period of one day to an excess of one year depending upon when the money is needed. Accordingly, the Finance Director shall prepare a written cash management procedure which shall include, but not be limited to, the following:

Cash Forecast: At least annually, a cash forecast shall be prepared using expected revenue sources and items of expenditure to project cash requirements over the fiscal year. The forecast shall be updated from time to time to identify the probable investment balances that will be available.

Pooled Cash: Except for cash in certain restricted and special accounts, the investment officer may pool cash of various funds to maximize investment earnings. Investment income shall be allocated to the various funds based upon their respective participation.

X. INVESTMENT PERFORMANCE AND REPORTING

All investment transactions shall be recorded in the various funds of the City of Swartz Creek in accordance with Generally Accepted Accounting Principles as declared by the Government Accounting Standards Board.

The Investment Officer shall submit a semi-annual investment report to the City Manager that provides the principal and type of investment, annualized yield, earnings for the period, market price and a summary report of cash and investments maintained in each financial institution.

Performance of the portfolio shall be reported periodically and submitted to the City Manager. Reports shall include details of the characteristics of the portfolio as well as its performance for that period. Reports shall be submitted at a minimum on an annual basis. Material deviations from

projected investment strategies shall be reported immediately to the city manager.

XI. INVESTMENT POLICY ADOPTION

The City of Swartz Creek investment policy shall be adopted by resolution of the City of Swartz Creek legislative authority. Modifications made at any time or when necessitated by State statutory revision must be approved by the legislative authority of the City of Swartz Creek. Investments conforming to the investment policy guidelines prior to any amendatory act are hereby validated.

REMARKS BY COUNCILMEMBERS:

Councilmember Porath spoke about the street committee stating that they have accomplished quite a bit. Mr. Porath stated that they are not trying to hide from anyone or keep things from anyone, but that they need to keep it small until the street prioritization is done.

Councilmember Shumaker suggested that the signal by the racetrack be turned off to save energy costs. Mr. Shumaker stated that the city made a good choice on the contractor for snow removal.

Councilmember Hicks asked if minutes were taken at the street advisory committee meetings. She was advised that they have not been up to this point. Ms. Hicks advised that minutes should be taken.

Councilmember Gilbert stated that work needs to be done on snow removal. Mr. Gilbert was advised that the weather has been making it hard to start enforcement.

Councilmember Pinkston stated that he is sorry to see the demise of the racetrack. Mr. Pinkston spoke about driver Ronny Ren being at the track. Mr. Pinkston stated that he hopes commercial enterprises at the racetrack location will be better for the city.

Mayor Pro-Tem Abrams stated that he has a copy of the Open Meetings Act if anyone would like to see it. Mr. Abrams stated that a new Master Plan is due.

Councilmember Porath asked if residents were required to remove ice as well as snow from the sidewalks. He was advised that people would be expected to do that but with the severe low temperatures, the salt for ice removal doesn't work and that it would be judgment calls with enforcement.

Mayor Krueger spoke about "The Review" magazine, speaking about an article about "campaigning with a purpose", suggesting that the councilmembers might find it useful.

City of Swartz Creek 8083 Civic Dr. Swartz Creek MI 48473

Attn: Mr. Tom Svrcek Re: Contract Extension

As previously expressed, we have enjoyed working with you and the City of Swartz Creek on various sewer rehabilitation projects over the past several years. Together we have overcome many challenges and have successfully met the needs of both the collection system as well as the residents of the City.

We would like to express our gratitude for the professionalism and cooperation that we have encountered when working with you and your staff. The positive environment along with the open lines of communication with your Public Works Department has helped our forces to be successful in meeting your objectives.

It is our understanding that the current Agreement is schedule to expire and due to our positive prior experiences, we are offering to extend our existing agreement for an additional 2 years (expiring June 30, 2017). We will continue to honor the existing unit prices and will meet or exceed all of the conditions / requirements as outlined in the agreement.

If you have any questions or require additional information please feel free to contact me directly. We appreciate the work we have done with the City and look forward to continuing to working together in the future.

Sincerely,

Technical Representative

John Thompson

January 2015 BUDGET AMENDMENT SUMMARY

Fund 226 Garbage Fund

At this time it is anticipated that revenues will increase slightly, over all expenses are projected to increase slightly, the decrease in contract costs from Republic Waste Collection will offset most of the increase in expenses. This increase in expenses resulted in a decrease to fund balance.

Revenues: Increase of \$2,277

Expenses: Increase of \$3,780

GENERAL FEDERATION OF WOMEN'S CLUBS SWARTZ CREEK WOMEN'S CLUB MICHIGAN

January 12, 2015

Councilmembers City of Swartz Creek

Dear Councilmembers:

Every year GFWC Swartz Creek Women's Club celebrates the wonderful community projects our members contribute to Swartz Creek and the community beyond with an annual picnic. For several years we have held our picnic at the Elms Road Park. We understand there are new rules in effect which would charge a rental fee.

As you are aware, our group of women contributes many hours to Swartz Creek by planting and maintaining the flower pots in town and the entrance garden to the city buildings during the growing season. We have contributed towards the Fire and Police Departments supporting education, our wonderful police dog, and community programs such as Cops in the Park. Our donations have also included fundraising for the Veterans Memorial statues. We have re roofed and painted the pavilion in town and donated a bench for the children's park in Winshall Park. These are just a few of the works we have done.

We would ask that you waive the fee to have our picnic at Elms Road Park to help us celebrate these projects that the women have done this year as well as planning for future projects for the city. We are asking for one pavilion on one day hopefully in September 2015.

We appreciate your consideration. Thank you again for all your support in our community projects.

Sincerely,

Boots Abrams

2nd Secretary GFWC Swartz Creek Women's Club

NOTICE OF VIOLATION WARNING

Property Owner:

In accordance with the city sidewalk ordinance (Section 15-21), the City of Swartz Creek cleared the sidewalk along the frontage of your property on Wednesday, January 14, 2015. The cost of doing so was **\$25.00** and is the responsibility of the property owner. **The city is NOT billing you for this event.** Please treat this as a final warning and note that future charges for non-compliance are the responsibility of the property owner, in addition to a \$50 fine.

The ultimate goal of this ordinance is not to charge fines or fees to property owners. Our intention is to build awareness and compliance. Expectations for maintenance are as follows:

- (a) The occupant of any premises or the owner of any unoccupied premises within the city shall keep, or cause to be kept, the sidewalks in front of or adjacent to such premises free, so far as is practicable and reasonable, from snow, ice, rubbish, excessive dirt, or any other encumbrance.
- **(b)** Whenever any snow or ice has fallen or accumulated, it shall be cleared within 48 hours of the time it fell or accumulated. Rubbish, excessive dirt, or any other encumbrance shall likewise be cleared within 48 hours of the time it appeared.
- (c) Improved sidewalks, paths, and trails that measure 60 inches or less in width shall be cleared of ice and snow in their entirety. Improved sidewalks, paths, and trails with a width greater than 60 inches need only clear 60 inches of such sidewalk.

Please contact me should you have any questions or comments.

Sincerely,

Adam H. Zettel, AICP
