City of Swartz Creek CITY MANAGER'S REPORT

Regular Council Meeting of Monday, August 14, 2023 - 7:00 P.M.

TO: Honorable Mayor, Mayor, Pro-Tem & Council Members

FROM: Adam Zettel, City Manager

DATE: August 9, 2023

ROUTINE BUSINESS – REVISITED ISSUES / PROJECTS

✓ MICHIGAN TAX TRIBUNAL APPEALS (No Change of Status)
As of now, the city has not received any new tax tribunal appeals.

✓ STREETS (See Individual Category)

✓ 2020-2023 TRAFFIC IMPROVEMENT PROGRAM (TIP) (Update)

The Miller Road rehabilitation award has been made to Ace Paving of Saginaw. Work is now underway. Some folks are upset due to the inconvenience. This is a very common complaint with the public these days. People want nice roads, which is understandable, however, there is an expectation that roads can be rehabilitated without an interruption in traffic.

The project is estimated to cost \$1,368,913.42 with current quantities. Concrete will commence early on and take about six weeks. Paving should only take a couple days. There will not be any changes to the lane markings or parking for this project.

✓ STREET PROJECT UPDATES (Update)

This is a standing section of the report on the status of streets as it relates to our dedicated levy, 20 year plan, ongoing projects, state funding, and committee work. Information from previous reports can be found in prior city council packets.

Crack filling is likely to occur towards the end of summer.

OHM is finalizing bids for Winchester Village and Woods. This is a very large scope of work. As observed with the recent streets in the Village, the water main that is in place is 70-year-old cast iron, with failing joints. As such, it is imperative to replace water main for those streets that have original pipe (note that this excludes Don Shenk, which has ~20 year old water main, with a corresponding top coat of asphalt).

In order to tackle such a large scope of water main, we intend to bond with the USDA for another phase. This means that the water main work must be completed in two construction seasons. The removal of the street and existing main further necessitates that the streets be completed in the same timeline. As such, a street bond is prudent.

The USDA and street bond processes will be conducted concurrently, but they are separate and distinct. Because of the importance and complexity, I added a section to the packet to cover the borrowing process specifically.

✓ BRIDGE WORK (Update)

The work is complete. We await closeout and billing. Note that, as expected, the county was not covering half the costs. They do this for the township only because the county receives the townships' ACT 51 state road monies. We will be paying the full bid amount of about \$33,000. I will be removing this section from future reports.

✓ WATER – SEWER ISSUES PENDING (See Individual Category)

✓ SEWER REHABILITATION PROGRAM (Update)

Inliner is continuing work on Miller Road. They have been attempting to complete this area prior to the Miller Road surface rehabilitation. However, they have hit a snag. A break in the main transmission line has been found under the road near Fairchild. With this asset being critical and work starting on the 10th, we have declared this an emergency repair and retained Glaeser Dawes to conduct the repair.

Moving forward, all unfinished lining on Miller will be conducted at night. This will allow work to avoid the road construction crews, and it will also greatly reduce the disruption to local businesses who would otherwise be advised to refrain from water/sewer use during the process.

This year's project will tackle Morrish, from I-69 to Miller Road (I-69 north was constructed in about 2006 when the county interceptor was installed in Clayton Township, and Morrish Road, from the south city limits to the creek is now an intercommunity collector). They will also be doing Miller from Paul Fortino to the west city limit of the line.

We will also be putting together a more formal five-year city-wide cleaning program, based upon this information. This is being put on the back burner so that we can put more resources into lining instead of cleaning. Again, the benefit is that lining is relatively cheap, so the more we do now the better. In addition, the lining program is so aggressive that the result is still about 2 miles (10%) of the system being cleaned in the process. This is short of the 20% we seek to attain, but it is reasonable.

The total cost for 2023 work is \$646,078. The big 'take away' is that we are still aggressively lining the system, which is extraordinary. The next implication is that our 20 year plan has been modified enough to lose some of its validity. This is common when plans mature. Knowing this, we plan to update our maintenance and lining records into our GIS mapping system as soon as possible so we can put forth a modified 5 and 20 year sewer maintenance plan. I do not have a timeline on this.

✓ WATER MAIN REPLACEMENT - USDA (Update)

See the borrowing section below for information on the continuation of the bonding process.

OHM has approvals from GCDC-WWS for water main. USDA has made comments on the plans as well. We should be able to bid this with the streets this month. Under the current timeline, we are much less likely to see the total completion of all Village water main and streets by the end of 2024. I expect we will see work in 2025.

Concerning the loan, we are looking at about \$270,000 in annual loan installments to pay for phase II. No grant funds were included this round. With that said, the USDA is

going to require a rate increase prior to closing on the loans. They are using our fiscal year 2022 revenues of \$2,268,328 against our fiscal year 2025 expected expenses of \$2,562,849 (including the new debt service) as the basis for new rates. This means that we need to cover a gap of about \$294,521, an increase of 12.9%. This is obviously extremely high and undesirable. Note that this could be made substantially worse if the State amends the Social Welfare Act (see below).

However, keep in mind that our last payment on the GO Tax Bonds borrowing in 2016 will be in May of 2027, relieving expenses by about 2%. In addition, our projects for FY2025 are not reflected in the FY2022 actual. As such, I think we will experience lighter increases than what the USDA gap indicates. Furthermore, we have the ability to adjust rates in FY23, FY24 and FY25 to get there. This might be 4% a year instead of a large bump up front. Given recent and current inflation, this is not out of line. Lastly, this investment will cover the vast majority of capital maintenance projects for the next 30-40 years.

See the borrowing section below. In addition to the USDA lending, we considered an application to the Michigan Drinking Water State Revolving Fund. As revealed in late 2022, this program is not competitive for our needs.

This water project, regardless of the funding source, will help us afford the remainder of the Winchester Village Streets:

Greenleaf

Winshall

Durwood

Norbury

Whitney

Seymour (partial section only)

✓ WATER SYSTEM MISCELLANEOUS (Update)

We have paid an invoice to have the county begin work to abandon the 8" Dye Road water main in the vicinity of the rail line (west side of Dye). They will be using their prequalified contractor to perform the work, and I expect them to start at any time. The cost to perform the work is estimated to be \$17,740. We have budgeted for this, and based upon our operating agreements with the county, we should not require any other formalities or resolutions to proceed.

Moving these customers from the west side to the east side will allow the city to abandon the Dye line south of the rail. We think this is a great move to avoid potentially serious issues down the road. This line is a dead end and is prone to breaks, which can be very costly and dangerous near the rail spur. Note that the city will still maintain the water customers, even though they are on the county's intercommunity line. This is a clear long-term win for the city.

The previous report follows.

GCDC, Mundy, and Gaines have bid out a new section of water main that is supposed to connect Elms/Maple to Hill, and on to Morrish. This will provide some additional

redundancy for the system. However, it does not take care of our extreme west end, where we have a pronounced need for a second feed from either Clayton or Gaines. Note that this could also encourage some new development south of the city, which is common to experience when utilities are extended during strong economic periods.

As presented by the GCDC on April 12, 2022, the new county Master Plan includes a northern loop and southern loop option to provide redundancy and stability to the system. This is good news since Gaines and Clayton Township rely on the overstressed Miller line. There will not be any cost participation by the city, but the timeline is unclear. There are rumors that recovery act funds may be put forth to accelerate a loop.

✓ COMMERCIAL METERS AND TRANSPONDERS (Update)

All equipment is installed. We await software and training. The provider is working on scheduling this. See the report from August 11, 2022, for details on this program.

✓ HERITAGE VACANT LOTS (No Change of Status)

The last of the lots acquired prior to the special assessment have been sold. The city also has two more lots that were acquired through the tax reversion process. There is interest by the builder to proceed with acquisition and construction. In addition, the association manager reached out about permitted designs and builders for the subdivision. There could be renewed interest in some building. This would finally clear us of the subdivision and put the association in a better position to build membership and dues for their operations.

Though the city cannot retain funds in addition to expenses for these lots, we are still expected to sell them at market value. Listings in Heritage for vacant units are \$10,000-\$12,000, and none of them are moving. I propose a price of \$10,000 for each lot. If there is no objection, I will bring this back to the council for the first step of the sale process.

✓ **NEWSLETTER** (No Change of Status)

The newsletter is out. Let me know what you think.

✓ **CONSTRUCTION & DEVELOPMENT UPDATE** (See Individual Category)

This will be a standing section of the report that provides a consolidated list for a brief status on public and private construction/developmental projects in the city.

- (Update) The Genesee Valley Trail Extension construction is underway and almost done! However, there are some punch list items that we have had difficulty scheduling for completion. We are at the point where we have threatened to enforce liquidated damages. This is preventing close-out.
- 2. (Update) The raceway owner appears to be moving on from racing. However, there is not much activity onsite or with repurposing the site. I have been attempting to reach out to move things forward. We may be in for another long-haul with an unwilling owner.
- 3. The **demolition of Mary Crapo is done.** It appears that a plan is coming together to put a varsity baseball field here. The school is open to a partnership that may allow the DDA to pursue seasonal skating and/or public art.

- 4. The **school bond** will exceed \$50 million in district wide improvements that are close to completion. The improvements so far are very impressive, especially what is occurring at the middle and high schools. Most buildings have enhanced access and drop off lanes, as well as STEM labs.
- 5. (*Update*) Street repair in 2023 is moving forward. Miller Road is underway now. Local street work will be out for bid in August. Repairs on School Street are done, and crack filling should be mid-summer.
- 6. The **Brewer Condo Project** first tri-plex is complete and for sale. We can affirm now that two of three units have sold! It is good to see activity, because there are clearly issues in the housing market that will slow this project. The project includes 15 townhome condos off Morrish Road in downtown. They are approximately 1,750 square feet, with two car garages and basements.
- 7. The next **Springbrook East** phase is under construction. **There appears to be a sale of this project occurring.** Nothing is official yet, but it is likely that there will be a new builder for future phases.
- 8. The **southwest corner of Elms & Miller** is seeing some increased activity. This is likely due to the consolidation of two more properties at a recent auction, greatly expanding the available footprint. We have a court order to remedy blight at 7015 Miller.
- 9. **Park projects** have been authorized. I will report the status of the Elms Basketball and Tennis Courts, as well as the Abrams Basketball court conversions.
- 10. (*Update*) We have some interest in a **Meijer outlot**, as well as some potential **downtown renovations**. There are no applications or site plans, but I will keep the council informed if anything takes shape.

✓ TAP/DNR TRAIL (*Update*)

The Genesee Valley Trail project is substantially complete, with final concrete work and restoration occurring in June. The storm line in the vicinity of a sink hole does not appear to require any additional work. However, the punch list items have not been addressed by the contractor. We may need to escalate this to MDOT to get final repairs and close-out.

✓ SAFE ROUTES TO SCHOOL (Update)

Paving has occurred and punch list items are already drawn up for the Syring portion (Seymour Road area). Substantial completion was expected by September. They are ahead of schedule, and the quality is better than anticipated. We are getting positive feedback from residents!

See the report of March 13 for more details.

✓ **REDEVELOPMENT READY COMMUNITIES** (No Change of Status)

We have hosted a pair of meetings with different groups of downtown investors. If things go well, we may have some new plans for some transformational projects downtown. We hope for good things this year!

Our community continues to pursue a crowd funding match for a public place enhancement. The Public Places, Community Spaces opportunity is a big deal and can provide up to \$50,000 towards a downtown project (perhaps as much as \$75,000 if it includes universal design)!

A steering committee has been formed to tackle this project. Initial pricing for an engineered space was very high. We are now working with a community group that consists of a local architect, builder, and staff to see if we can source something more approachable.

The primary option for this is to invest in Holland Square to provide built-in structures for community seating, vending, entertainment, and related activities. There are a couple examples of this already that seem to work well in public spaces. Such a concept would activate Holland Square along Miller Road by providing social interactions, market activities, and some recreation. It would also include lighting, sound systems, and some shade/weather protection. Parking would be reduced but only minimally. Another Michigan community achieved their funding goal to realize their vision this month!

✓ TAX REVERTED PROPERTY USE (No Change of Status)

Concerning previously acquired property, the Wade Street property that the city acquired on the corner of Second Street is in the flood plain. J.W. Morgan was looking at it, but they have their hands full elsewhere, and this is a marginal site. I think we should consider looking to sell the property to a neighbor or having a home built ourselves. For the later option, I suspect we will not get our money back in the sale. However, we can take a tax exempt property with annual maintenance costs and put it on the tax rolls. Doing so would provide over \$1,000 a year to our respective local levies & assessments...forever.

The site has been cleared of personal property as requested.

✓ CDBG (No Change of Status)

Applications were submitted for the 2022-2024 cycle which will go towards senior services and new downtown residential neighborhood sidewalks. We signed updated agreements to receive and use these funds on September 2nd. However, though funds will be available in 2023 for the sidewalks, this will not be until late fall. As such, this project is slated for 2024.

As time continues to pass and prices climb substantially, I do not believe we can tackle the scope of work that we planned. The regional planning commission indicated that we have the ability to scale back the project prior to bidding. I recommend we do so to keep the project affordable. This does not mean that the other sidewalks cannot be placed with local funds. However, I recommend that if the city wishes to install such walks, that we do so at a separate time with local funds and not in tandem with the federal CDBG funds, which require prevailing wages.

✓ **GIS MAPS** (No Change of Status)

Our staff is doing very well at collecting sanitary sewer data. As noted above, this is crucial to future maintenance of the system in an efficient manner. Getting accurate field data combined with past contractor work will allow us to map past maintenance, existing issues, and future plans. The accompanying data will help us create sustainable, annualized costs and procedures to operate the system.

✓ DISC GOLF (*Update*)

Shattered Chains is hosting the slip and slide at Elms Park this Saturday. This is a fundraiser for the disc golf course. Check it out from 11am to 3pm.

✓ **PAVILION COMMITMENT/GRANTS** (No Change of Status)

The city applied for a recreation passport grant. Our grant writer has also submitted requests to Congressman Kildee's office and both US Senators for congressional directed spending. It appears that our request through Kildee's office WILL be in the federal budget. However, the amount may be a fraction of what was requested.

If so, we should be able to scale the project. If we can combine this with the RPG, we should still be able to get something good accomplished. We are still hopeful that Jentery Farmer's family will be able to contribute a sizable donation, perhaps as large as \$50,000.

✓ **SPEEDING AND TRAFFIC CONTROL** (No Change of Status)

I am included some examples for speed humps that Robert has solicited in the May 22, 2023 packet. There is not a 'silver bullet' solution for speeding. Instead, we can look to implement various strategies for traffic calming and enforcement that each play a role in moving average traffic speeds to the slower end of the spectrum.

With that said, speed bumps can play a part on certain streets, such as Seymour at Oakview or on Ingalls. We can also continue to look at narrow lanes, on street parking, street trees, radar signs, traffic officers, and pavement stencils. The downside is that there is not currently a budget set up for this. It may be a worthy idea to test a pilot area, such as Seymour or Ingalls, where multiple strategies are enacted at the same time. The previous report follows.

Metro PD is providing two permanent speed monitoring and feedback signs. These resemble the portable signs, but they are bigger, self-powered, and more stationary. We have selected two city gateways that have some ongoing issues as prime candidates. One is Morrish, south of I-69, southbound. The other is likely to be Elms. We were leaning towards Miller, east of downtown, but the curve and right of way may not be the best.

The DPW is very impressed with these. I inquired to Metro about pricing and if the mobile trailer is available. If our experience is positive and prices reasonable, we may look to budget more as part of our community speed control program.

The idea is to create more awareness and accountability as folks enter the community and enter neighborhoods. We may be able to move or place such signs on Seymour, Ingalls, or other areas if we find they are useful. The previous report follows.

With the surface of so many streets improving, we are fielding more and more speed complaints. Since there is not long standing data on this, it is not clear if drivers are speeding more, people complain more, or standards are getting higher. In any event, we are now getting complaints for Hill Road (2022 resurfacing), as well as streets in Winchester Village. Regardless of the posted speed limits, a smooth road surface has the obvious impact of enabling higher speeds.

In the interest of calming traffic in all neighborhoods, it may be prudent to invest in some measures to create more awareness of speed, in addition to opportunities for great enforcement and physical design considerations. Some obvious markings that we can consider for Ingalls, Hill, and other streets are below. These are relatively inexpensive

and can send a strong message, especially around schools. They are also easy to add, whereas design considerations such as narrower lanes can take years and cost much.

I have liaised with the school concerning the reuse of Mary Crapo. It seems likely that this property is going to house a new varsity baseball field. It is also apparent that onsite parking will be limited. I suspect on street parking will be very useful, if not essential, for this use. As such, I recommend we delay indefinitely the prospect of on street parking. This can be ascertained once the site is operating in its new mode. The previous report follows.

OHM has delivered a memo regarding a striping option for Ingalls Street. This is in the November 14, 2022 council packet. Since this memo outlines a traffic calming solution based on new markings, there is nothing we can act on at this time that will result in action due to the lateness of the season.

In short, council could eliminate on street parking on Ingalls, which is little used. This would enable a center double yellow marking and edge lines which could constitute bike lanes. In combination with other pavement markings within lanes, as well as some strategic forestry, we could see some meaningful traffic calming on this corridor.

✓ CIVIC PARKING LOT SCOPE CHANGE (Update)

I expect that the lot work will be underway this coming week. Though we cannot guarantee it, it is likely parking may be limited for the meeting. Consider the Chase Bank lot if this is the case. Contact us for accessibility options.

✓ FIBER INSTALLATION (No Change of Status)

Approvals are being granted for some of the work areas, and you probably have observed limited installation in and around the community. Other areas have conflicts that still exist, and they are being worked out. Overall, about half the work is approved. We needed to increase the escrow that Frontier has paid in order to keep OHM on the reviews. I am not certain when all reviews will be complete since we rely on revisions from the applicant. The previous report follows:

OHM is reviewing the right of way permits for Frontier. Based upon a cursory review by myself, this appears necessary to avoid some conflicts in the right of way with their new 'flowerpot' utility boxes. This process will take a few weeks and will cost the petitioner about \$5,000. The previous report follows.

Frontier is planning to expand the fiber communications network to the entire city. In the next 12-24 months, we should see buildout of the primary fiber network, which will enable nearly every commercial and residential user to have access.

In short, the network will follow the existing copper lines. If the lines are buried, the fiber will be bored into the same 'trench'. If they are aerial, the fiber will be wrapped into place on the existing lines. (Copper lines are required to remain in place because they function on their own battery backup system and provide an essential service during power outages).

We do not expect any new utility conflict issues, nor do we expect any of our right of ways to experience unreasonable disturbances or pavement breaks. We also talked at length about the need to clean up the current overhead wires in cases where there is superfluous cable/wire, sagging lines, stub poles, etc. They indicate this is a big part of the investment.

✓ USDA AND ROAD BORROWING (Business Item)

Though the project has not gone out for bid yet, the timeline for bidding and borrowing is imminent. As such, our financial advisor, Baker Tilly, has commenced the establishment of a credit rating for the road portion of the funds (the USDA water main bond sale is direct and committed already). We have been working with Standard and Poors to this end and expect this to be available soon.

At this point, we have the bond resolution before us. See the memorandum from the city's bond counsel. Though this is the last formal step before borrowing, we are not enabling the sale of any bonds until we have bids for the city council to look at. The timeline for sale was going to be mid-September, with a back-out date of late August. Because we do not have bid pricing in, we will delay indefinitely, with the expectation that we can pursue bond sale with the costs and timeline for construction commencement before us.

Of course, this process has been ongoing for some time. If you require previously distributed information regarding the project scope, costs, borrowing/repayment information, etc., let me know.

I recommend the city council authorize the sale of bonds for street repairs.

✓ **POTENTIAL MUNDY MEGA SITE/COSTCO** (No Change of Status)

Mundy held a public informational session on May 31^{st.} Based upon some anecdotal accounts and social media, there is certainly a mixed opinion on the matter. There is also a lot of contradictory information. I advise we all try to get as many facts as possible. Though we have no say in either matter, our community will be impacted (good and bad). The previous report follows.

For some time now, there has been vague statements by the MEDC and others that a land consolidation may be occurring near the city in Mundy Township. More information is being released that indicates a large site, around 900 acres may be under contract by state and/or regional economic development entities. It appears that these agencies are working with unnamed users that represent advanced industries, such as chip or battery manufacturing.

Such endeavors are not uncommon. We can all recall "Project Tim" near Durand a few years back, which never came to fruition. However, with the announcement of the battery facility

near Marshall, it is prudent to be mindful of the changes that could occur if a transformational project should be announced near the city. I am working with Mundy Township, our legislators, and our planner to set the table for immediate and pro-active action to accommodate the impacts (both positive and negative), should such an investment appear likely or imminent. I will keep the council informed to the best of my ability. There is certainly a degree of secrecy that surrounds such a matter.

In other news, Costco has made an application to build a store on Hill Road, right at US-23. This is on the edge of the Swartz Creek School District (just in or out, perhaps on the line). This Hill Road corridor is developing fast and does impact our community. The corridor includes some fast growing housing, new retail, employers, and Miracle Commons park. It connects Grand Blanc and Swartz Creek, as well as regions north and south on US-23. With the site selection of Costco, it is obvious that this area is of focus for a very large catchment of population. With future announcements coming from the Grand Blanc area, we can see a pattern evolving in which pressure for more intensive land uses is coming from the east, what this means for the core of the community on I-69 is less clear. What is obvious is that our community should continue to have proactive plans and strategies to handle existing and potential pressures for change.

✓ SOLAR SYSTEM MODEL (Update)

We are continuing to seek funding for the solar system model that was proposed to run between Elms and Otterburn Parks. We appear to have a partner with an observatory in Nelson, NZ. They indicated that they will participate in the model! This will require the purchase and shipping of a sign station to NZ, an expensive endeavor. However, since we are approved to use the MEDC RRC crowdfunding and external grants, we think this is worth it. Who knows, we may even create a Guiness Record for world's biggest scale model.

The previous report follows.

We contrived an interactive scale model of the solar system that could be displayed and described on the new trail. The idea is that the sun would be at the Elms trail head, with Neptune at Otterburn Park. Folks can walk/bike the distance and learn about the solar system, seeing the solar bodies in scale imagery/models.

We have begun preliminary conversations with Nelson, New Zealand to participate. Their community is 8,630 miles away, which reflects the approximate distance to the next closest star.

The park board approved this concept for installation at their May meeting.

✓ PUBLIC SAFETY ASSESSMENT (No Change of Status)

2023 is flying by, with fall only three council meetings away. 2023 also completes ten full years of public safety assessment collections! The city will need to revisit the public safety assessment before the end of 2023.

In 2013, the city went through a process to apply a 4.9 mil assessment to all real property in the city for the purpose of collecting revenues to support police and fire operations. This was done at a time when the city was down two full time police officers, provided

about 1/5 the current amount of fire apparatus funding, and was still operating a substantial general fund deficit of about \$250,000/annually.

The underlaying cause of this pronounced deficiency was the catastrophic collapse of the community's taxable value as a result of the housing crisis and a specific and dramatic reduction in GM's taxable value. Massive reductions in raceway revenue sharing were also impactful.

Note that the presence of GM and the active raceway enabled the city to be one of the lowest, if not the lowest taxing city in the state that did not have a separate income tax at the time. The assessment enabled the city to return to pre-existing service levels for police and fire, a practice that continues to this day. This increase, along with the street tax that passed a few years later, brought the city closer to the middle of the curve for tax effort (see the most recent budget book, which still has Swartz Creek as the third lowest taxing city in the region).

With that said, the assessment makes up about 30% of the city's general fund revenues and is essential to maintaining police and fire services. The city can certainly consider other options, or a combination of options, including service reductions, a voted tax, or a change in prioritization of appropriations (e.g., decrease park spending in favor of public safety). There are costs and benefits to each approach, but this discussion is going to present itself in the coming months.

I will report on the process to renew the assessment in a future packet. In the meantime, if there are any general or specific questions that council members have, please let the rest of council and/or myself know.

✓ OTTERBURN BIKE RACE (Business Item)

A city resident on Bristol Road is proposing to conduct an introductory off-road bike race at Otterburn Park. The event is planned for Sunday, September 17th, and they plan to have the park for exclusive use. Participant numbers would be about 75 (seeking approval for 100) and spread out over the day. The event would not require any site preparation, and their non-profit, Greater Flint Athletic Club, would provide for onsite volunteers and toilet facilities to meet attendee needs.

The park board recommends approval of the concept.

✓ OTHER COMMUNICATIONS & HAPPENINGS (See Individual Category)

✓ MONTHLY REPORTS (Update)

The standard set of monthly reports are included for your enjoyment.

✓ MML NOTICE (Update)

The MML has sent notice of their convention and general elections.

✓ TRUCK WEIGHTS (Update)

We are on the receiving end of some lobbying regarding the potential increase in the federal weight limit for freight. As most of you probably know, Michigan allows the heaviest trucks in the nation, with weights far beyond the new proposed federal limit. I

am including some information so council members can be aware of the discussion and the backdrop here in Michigan.

✓ **BROWN ROAD LAND SALE OPTION** (No Change of Status)

The city opted not to pursue the option for the sale of Brown Road. I have relayed this information to the Shiawassee Economic Development Partnership. The director completely understands. While he may wish to pursue a first-right-of-refusal agreement, at this point it seems enough to know that the city is open to marketing the property for a potential user.

✓ BOARDS & COMMISSIONS (See Individual Category)

✓ PLANNING COMMISSION (Update)

The PC met on August 1st. The purpose of the meeting was to hold a public hearing and deliberate on the merits of a Planned Unit Development Overlay for the downtown. The planning commission deliberated on a boundary for the overlay, a massing concept plan for the district, and design guidelines. These changes are intended to attract and promote more dense redevelopment and use of properties in the downtown.

The commission recommends approval of the ordinance, which is included in the packet, along with the exhibits and a link to the design guidelines (previously approved in the DDA Plan of 2022).

✓ DOWNTOWN DEVELOPMENT AUTHORITY (Update)

The DDA meeting for August 10th was cancelled due to a lack of quorum. Many members are travelling, and there is still one vacancy that must be filled by a business owner. On the agenda was a proposed budget increase for historical signs so that four could be purchased instead of three. There is also a request for funding to support Jeepers Creekers.

Their next meeting is scheduled for September 14th.

✓ **ZONING BOARD OF APPEALS** (No Change of Status)

The ZBA held their annual meeting, including Advanced ZBA training, on March 14th. They selected incumbent, James Packer, for the chair. They replaced the late Robert Plumb with John Gilbert for the vice chair position. Mr. Ron Smith was selected for another term as secretary. There are no pending variances, appeals, or interpretations.

✓ PARKS AND RECREATION COMMISSION (No Change of Status)

The July meeting was at 5:30pm on Tuesday, July 18th at City Hall. The park board put the finishing touches on the Slip and Slide event. This will be put on by Shattered Chains as a fundraising event and runs on Saturday, August 12th from 11am to 3pm at Elms Park.

The park board also deliberated the merits of a proposed off road bike race at Otterburn (see below). Lastly, they supported the concept, format, and color scheme of the historical and wayfinding signs.

The next meeting is scheduled for August 15th.

✓ BOARD OF REVIEW (No Change of Status)

The July BOR was Tuesday July 18 at 3:00. This session is set aside for Qualified Errors, Disabled Veterans Exemptions and Poverty Exemptions. There were no petitioners. We had a quorum of board members, with the alternate also attending.

✓ CLERK'S OFFICE/ELECTION UPDATE (Update)

Routine duties include record management, publications, FOIA request, human resources, payroll approval and everything related to elections.

I had a nice vacation since the last meeting and enjoyed the quiet time in Wisconsin and in the Upper Peninsula. We started our interview process on August 9th for the Clerk & Treasurer opening, more updates on that in our next council packet. I also spent time working on an MML Workers Compensation audit and submitted it on August 11th.

As always, please remember to check your mailbox.

✓ DEPARTMENT OF COMMUNITY SERVICES UPDATE (Update)

- □ DPS continues to GPS water and sewer assets. This will be ongoing for most of the year as we have time available.
- Civic Center parking lot is under construction including some sidewalk replacement and curb work. We are expecting paving to be completed in August.
- SRTS trail project is nearing completion. Asphalt paving is complete and they are finishing up the fence. Final restoration is in progress and they should be wrapped up in the next week or two.
- Miller Road is underway. Temporary traffic control in place and sawcutting with concrete removals will be starting week of August 14th. They are going to remove any curb, sidewalk and driveways on the north side of the road first. Forming, repouring and restoring the northside before moving to the southside. Traffic will be an issue throughout the project especially during school drop off and pick up. We ask for everyone's patience.
- USDA bid documents are nearing completion. EGLE has made their initial review and requested changes. EGLE is currently reviewing their requested changes. We have no idea when this will be complete. Bidding is to follow.
- □ The chassis for our new plow truck was just delivered to Truck and Trailer for upfitting. This usually takes 6-12 weeks depending on their backlog of work. We should see the truck in October in plenty of time for winter maintenance.

√ TREASURER UPDATE (Update)

The auditors from Plante & Moran started the onsite Single Audit for federal grants and USDA grant and loan Funding the week of August 7th. The audit staff will be onsite doing the fieldwork for the FY23 Audit the week of August 14th.. Routine operations include, but are not limited to, processing payments for utility bills, tax bills, delinquent personal and qualified real taxes, building permits, daily/weekly/monthly journal entries, bank wires, review/approval of accounts payable invoices, issuance of building permits and rental inspection collections, processing payroll, accounting for grants and projects and other financial matters impacting the city.

✓ ECONOMIC DEVELOPMENT UPDATE (Update)

We have the final quote for the Historical Signs project. We are going back and forth with the design team a little bit to ensure the narrative flows well and the design looks right. We should be getting this ordered as soon as possible, with hopes of everything being installed by the end of September. I will also be planning some form of public unveiling and will add details once we have a better idea of when the installation will be complete.

I'm also working with the sign company to get the final quote for the entire Cosmos in the Creek/ Trailway signage project moving. Once we have that, we will be launching the crowdfunding campaign. As a reminder, we will have 60 days to raise the funds in order to receive an equal match from MEDC. There will be different donation levels available, including the ability to sponsor a planet, and maybe even the sun! More details to come once we have the finalized budget.

Adam and I met with a potential buyer for the methodist church property. We were able to tour it and discuss the potential of the property with the interested party and the MEDC architect consultant. After that we met with the full MEDC team to look at potential site plans and what the church could be. The site plans are very encouraging and really show how much life the redevelopment could bring to downtown.

Quick social media update: The Downtown Swartz Creek Business and Events page has surpassed 1,000 followers! Within the last 28 days alone the page has reached 7,319 unique accounts.

As of now, it sounds like the entryway signs at Elms Park, and Seymour and Miller Roads may be adopted by willing individuals! More to come on that as it progresses.

The Holland Square project that we'd like to crowdfund with Public Spaces Community Places, although postponed until late winter/ early spring for fundraising, is slowly making progress. Adam received some communication from the architect indicating that he may be able to start drawings sooner than we had anticipated.

NEW BUSINESS / PROJECTED ISSUES & PROJECTS

✓ JEEPERS CREEKERS PERMITS (Business Item)

Jeepers Creekers is back for another year. The project is in a very similar form to last year. This is proposed to be a single day event and not spread out over multiple weekends. The applications are attached and a set of resolutions are prepared. In short, the event will consist of a daytime fall market in Holland Square and on Holland Drive on Saturday, a foot race (5k), and the trunk or treat event on Miller/Holland. All events are scheduled for Saturday, October 7th. During the late afternoon, Miller will close down between Morrish and Hayes for the trunk or treat event and an outdoor movie at Holland Square.

All of these events and closures have occurred in the past and are very manageable, especially on a Saturday. Note there will also be a 5k costume race on the 9th, but this event is all within the sidewalk right-of-ways and does not require any additional permitting. Also note, that the DDA is likely to be a sponsor for this event. They have been asked to provide some support materials (tables, chairs, waste bins), the movie screen, and a financial contribution. Lastly, there is not a planned pub crawl this year.

✓ GROVE STREET REHABILITATION ESTIMATE (Business Item)

We have been getting number of complaints about the rapid deterioration of Grove Street. Though this street is slated for treatment near the end of the 20 year plan, the extreme base failure may lead to drastically more extensive repairs of the curbing and general road structure if action is not taken soon.

With Ace in town to rehabilitate Miller Road, we made an inquiry of them to ascertain if they could rehabilitate Grove Street and add another top course. They have taken pavement cores of the street in select locations and believe they can do a deep milling process, with additional edge milling and resurfacing. They submitted a proposal. I am including this in the packet and have taken the liberty to provide an affirmative resolution as well.

Again, this is not typical of our street program. However, we have an opportunity to get ahead of some extreme street failure at a very reasonable price if we act now. This is a small section of road, but it is industrial in nature and is definitely the worst street in the city outside of the USDA phase II project area. This is definitely worth considering. Deanna believes this is within the current budget of savings that exists outside of the prospective bonding for USDA phase II streets.

✓ SOLID WASTE MANAGEMENT PLAN (Business Item)

The county has amended the solid waste management plan. Ratification by county communities is required. I am including their amendment letter, the amendment summary sheet, and a link to the complete plan. Summarily, the plan was updated through the standard five-year review process recommended by the state to ensure waste disposal strategies for the next ten years. I see no reason not to support this. The county planning commission has been effective at promoting recycling, hazardous waste disposal, public education, and general implementation strategies for local communities in recent years.

✓ FISCAL YEAR 2023 END OF YEAR BUDGET ADJUSTMENTS (Business Item)

We have a second set of minor adjustments that Deanna recommends the city council approve. This proposed amendment is completely related to a small change in the water and sewer funds to account for additional compensated absences that were required in the previous budget year.

The liability of compensated absences is initially measured with the estimated cost of the absences to the city as estimated by projecting unused absent time for staff that would be a liability to these funds. The basis is the number of accumulated unused days at yearend and the wage of the employee. If the liability increases from the previous fiscal year end the wages expense and liability accounts are increased. If the liability decreases from the previous fiscal year end the wages expense and liability accounts are decreased. Due to circumstances, the liability increased in 2023.

√ 8006 MILLER ROAD ALLEY(Update)

The six month extension for the alley will expire on September 11th. I have reached out to the owner about this. I am not sure if they plan to seek another extension, to remove the dining area, or if they have a more permanent solution. In the meantime, I encourage council members to visit the site.

✓ CROSS CONNECTION SHUT OFFS (Update)

There are a number of water connections identified in the city that have devices in the internal plumbing that require independent testing and verification in order to comply with the state requirements for cross connections. At this point, we have many commercial and residential customers that are out of compliance after two separate notices. The inspector has sent out a service termination notice that gives the customer until December 8th to comply. If they do not, they can appear at the December 11, 2023 city council meeting to appeal the decision to terminate service. After that point and depending upon the outcome of any deliberation at the December 11 meeting, the city will be compelled to terminate water service.

This is not something we wish to be pursuing, but the expectations for cross connection are objective and reasonable.

Council Questions, Inquiries, Requests, Comments, and Notes

City Boundary: There is a discrepancy in the municipal boundary between what is in our charter and what was filed with the state in 1958. This is reflected as a difference between the boundary we use for all intents and purposes with that of the census map that is utilized by the state. We are making corrections now. This will result in more accurate (increased) population counts, road miles, and GIS information. As of writing, I am not sure this is going to be worked out.

Citizen of the Year: It is that time of year again to honor one of the community's finest. The mayor is seeking nominations of city residents that demonstrate dedication to the community through their efforts as a volunteer, community leader, and role model. If you have anyone in mind that is recently distinguished and/or has a lifetime of effort in the community that deserves this recognition, let Dave or myself know!

DPW Equipment: The one ton truck and bucket truck are sold, for just under \$12,000. The dump will be listed upon delivery of the replacement. We are looking to list one of the surplus backhoes as well.

Mobile Phone Service: Verizon service has been declining for years in the city. We find ourselves unable to conduct business reliability, especially when taking GPS coordinates, which must be taken with service in the exact position. We are looking to switch carriers and have two other service provider phones operating as a test.

Street Lights: We audited the system and added fifteen more lights to the outage report for CE to repair/update. CE has already seen to nine of these.

WHEREAS, the City does hereby determine that it is necessary to pay all or part of the costs of certain capital improvements in the City, consisting of road improvements, including all related equipment, appurtenances and attachments (the "Project"); and

WHEREAS, to finance the cost of the Project, the City Council deems it necessary to borrow the principal amount of not to exceed Eight Million Dollars (\$8,000,000) and issue capital improvement bonds pursuant to Act 34, Public Acts of Michigan, 2001, as amended ("Act 34") to pay the cost of the Project; and

WHEREAS, a notice of intent for bonds was published in accordance with Act 34 which provides that the capital improvement bonds may be issued without a vote of the electors of the City unless a proper petition for an election on the question of the issuance of the bonds is filed with the City Clerk within a period of forty-five (45) days from the date of publication and no such petition was filed.

NOW, THEREFORE, BE IT RESOLVED THAT:

1. <u>Authorization of Bonds; Bond Terms.</u> Bonds of the City designated **2023 CAPITAL IMPROVEMENT BONDS (LIMITED TAX GENERAL OBLIGATION)** (the "Bonds") are hereby authorized to be issued in the aggregate principal sum of not to exceed Eight Million Dollars (\$8,000,000) for the purpose of paying the cost of the Project and costs of issuance of the Bonds. The issue shall consist of bonds in fully-registered form of the denomination of \$5,000, or multiples thereof not exceeding for each maturity the maximum principal amount of that maturity, numbered consecutively in order of registration, dated as of the date of delivery, or such other date as determined by the City Manager or Treasurer (each an "Authorized Officer"), at the time of sale of the Bonds. The Bonds shall bear interest, mature and be payable at the times and in the manner set forth in Sections 6 and 7 hereof and as shall be finally determined by an

Authorized Officer at the time of sale of the Bonds; provided, however, that the final maturity date of the Bonds shall be not later than November 1, 2035.

The Bonds shall be sold at public sale at a price not less than 99% of the principal amount thereof.

The Bonds shall be subject to redemption prior to maturity in the manner and at the times and prices set forth in Sections 6 and 7 hereof and if term bonds are selected by the original purchaser of the Bonds, then the Bonds will be subject to mandatory redemption in accordance with the foregoing referenced maturity schedule at par.

Interest shall be payable to the registered owner of record as of the 15th day of the month prior to the payment date for each interest payment. The record date of determination of registered owner for purposes of payment of interest as provided in this paragraph may be changed by the City to conform to market practice in the future. Interest shall be payable to the registered owner of record as of the 15th day of the month preceding the payment date for each interest payment. The principal of the Bonds shall be payable at the principal corporate trust office of UMB BANK, N.A., Grand Rapids, Michigan, who is hereby selected to act as transfer agent for the Bonds (the "Transfer Agent"), or such other bank or trust company selected by the City prior to the publication of the notice of sale for the Bonds as the transfer agent for the Bonds. The Bonds may be issued in book-entry only form through The Depository Trust Company in New York, New York ("DTC") and the City Treasurer is authorized to execute such custodial or other agreement with DTC as may be necessary to accomplish the issuance of the Bonds in book-entry only form and to make such changes in the Bond Form within the parameters of this resolution as may be required to accomplish the foregoing.

- 2. <u>Execution of Bonds.</u> The Bonds of this issue shall be executed in the name of the City with the manual or facsimile signatures of the Mayor and the City Clerk and shall have the seal of the City, or a facsimile thereof, printed or impressed on the Bonds. No Bond executed by facsimile signature shall be valid until authenticated by an authorized officer or representative of the Transfer Agent. The Bonds shall be delivered to the Transfer Agent for authentication and be delivered by the Transfer Agent to the purchaser or other person in accordance with instructions from the City Treasurer upon payment of the purchase price for the Bonds in accordance with the bid therefor when accepted.
- 3. <u>Transfer of Bonds</u>. The Transfer Agent shall keep the books of registration for this issue on behalf of the City. In addition, further notice shall be given by the Transfer Agent in such manner as may be required or suggested by regulations or market practice at the applicable time, but no defect in such further notice nor

any failure to give all or any portion of such further notice shall in any manner defeat the effectiveness of a call for redemption if notice thereof is given as prescribed herein.

4. <u>Limited Tax Pledge</u>; <u>Debt Retirement Fund</u>; <u>Defeasance of Bonds</u>. The City hereby pledges its limited tax full faith and credit for the prompt payment of the Bonds. 2029	\$540,000	2035	\$805,000

*ADJUSTMENT OF TOTAL PAR AMOUNT OF BONDS AND PRINCIPAL MATURITIES: The City reserves the right to decrease the aggregate principal amount of the bonds after receipt of the bids and prior to final award, if necessary, so that the purchase price of the bonds will provide an amount determined by the City to be sufficient to construct the project and to pay costs of issuance of the bonds. The adjustments, if necessary, will be in increments of \$5,000. The purchase price will be adjusted proportionately to the increase or decrease in issue size, but the interest rates specified by the successful bidder for all maturities will not change. The successful bidder may not withdraw its bid as a result of any changes made within these limits.

*ADJUSTMENT TO PURCHASE PRICE: Should any adjustment to the aggregate principal amount of the bonds be made by the City, the purchase price of the bonds will be adjusted by the City proportionally to the adjustment in principal amount of the bonds. The adjusted purchase price will reflect changes in the dollar amount

of the underwriter's discount and original issue discount/premium, if any, but will not change the per-bond underwriter's discount as calculated from the bid and initial reoffering prices.

<u>PRIOR REDEMPTION OF BONDS</u>: Bonds maturing in the years 2023 to 2031 inclusive, shall not be subject to redemption prior to maturity. Bonds or portions of bonds in multiples of \$5,000 maturing in the year 2031 and thereafter shall be subject to redemption prior to maturity, at the option of the City, in any order of maturity and by lot within any maturity, on any date on or after November 1, 2031, at par and accrued interest to the date fixed for redemption.

In case less than the full amount of an outstanding bond is called for redemption, the transfer agent, upon presentation of the bond called for redemption, shall register, authenticate and deliver to the registered owner of record a new bond in the principal amount of the portion of the original bond not called for redemption.

Notice of redemption shall be given to the registered owner of any bond or portion thereof called for redemption by mailing of such notice not less than thirty (30) days prior to the date fixed for redemption to the registered address of the registered owner of record. A bond or portion thereof so called for redemption shall not bear interest after the date fixed for redemption provided funds are on hand with the transfer agent to redeem said bond or portion thereof.

TERM BOND OPTION: The initial purchaser of the bonds may designate any one or more maturities as term bonds. The amounts of the maturities which are aggregated in a designated term bond shall be subject to mandatory redemption on November 1 of the years and in the amounts set forth in the above maturity schedule at a redemption price of par, plus accrued interest to the date of mandatory redemption. Term bonds or portions thereof mandatorily redeemed shall be selected by lot. Any such designation must be made at the time bids are submitted and must be listed on the bid.

INTEREST RATE AND BIDDING DETAILS: The bonds shall bear interest at rate or rates not exceeding 6.0% per annum, to be fixed by the bids therefor, expressed in multiples of 1/8 or 1/100 of 1% or both. The interest on any one bond shall be at one rate only and all bonds maturing in any one year must carry the same interest rate. No proposal for the purchase of less than all of the bonds or at a price less than 99% of their par value will be considered.

BOOK-ENTRY ONLY: The bonds will be issued in book-entry only form as one fully registered bond per maturity and will be registered in the name of Cede & Co., as bondholder and nominee for The Depository Trust Company ("DTC"), New York, New York. DTC will act as securities depository for the bonds. Purchase of the bonds will be made in book-entry-only form, in the denomination of \$5,000 or any multiple thereof. Purchasers will not receive certificates representing their interest in bonds purchased. It will be the responsibility of the purchaser to obtain DTC eligibility. Failure of the purchaser to obtain DTC eligibility shall not constitute cause for a failure or refusal by the purchaser to accept delivery of and pay for the bonds.

TRANSFER AGENT AND REGISTRATION: Principal shall be payable at the principal corporate trust office of UMB BANK, N.A., Grand Rapids, Michigan, or such other transfer agent as the City may hereafter designate by notice mailed to the registered owner of record not less than 60 days prior to an interest payment date. Interest shall be paid by check mailed to the registered owner of record as shown on the registration books of the City as of the 15th day prior to an interest payment date. The bonds will be transferred only upon the registration books of the City kept by the transfer agent.

<u>PURPOSE AND SECURITY</u>: The bonds are authorized for the purpose of paying the cost of acquiring and constructing certain capital improvements for the City. The bonds will be a first budget obligation of the City, payable from the general funds of the City including the collection of ad valorem taxes on all taxable property in the City subject to applicable constitutional, statutory and charter tax rate limitations. The rights or remedies of bondholders may be affected by bankruptcy, insolvency, fraudulent conveyance or other laws affecting creditors' rights generally now existing or hereafter enacted and by the application of general principles of equity including those relating to equitable subordination.

<u>AWARD OF BONDS-TRUE INTEREST COST</u>: The bonds will be awarded to the bidder whose bid produces the lowest true interest cost determined in the following manner: the lowest true interest cost will be the single

interest rate (compounded on [May 1, 2024] and semiannually thereafter) necessary to discount the debt service payments from their respective payment date to the date of closing, in an amount equal to the price bid, excluding accrued interest. Each bidder shall state in its bid the true interest cost to the City, computed in the manner specified above.

<u>TAX MATTERS</u>: In the opinion of Miller, Canfield, Paddock and Stone, P.L.C., bond counsel, under existing law, assuming compliance with certain covenants, interest on the bonds is excludable from gross income for federal income tax purposes as described in the opinion, and the bonds and interest thereon are exempt from all taxation by the State of Michigan or any taxing authority within the State of Michigan except inheritance and estate taxes and taxes on gains realized from the sale, payment or other disposition thereof.

<u>"QUALIFIED TAX EXEMPT OBLIGATIONS"</u>: The bonds have been designated as "qualified tax-exempt obligations" for purposes of the deduction of interest expense by financial institutions pursuant to the Internal Revenue Code of 1986, as amended.

ISSUE PRICE:

- (a) The winning bidder shall assist the City in establishing the issue price of the bonds and shall execute and deliver to the City at closing an "issue price" or similar certificate setting forth the reasonably expected initial offering price to the public or the sales price or prices of the bonds, together with the supporting pricing wires or equivalent communications, substantially in the form attached either as Appendix F or Appendix G to the Preliminary Official Statement for the bonds, with such modifications as may be appropriate or necessary, in the reasonable judgment of the winning bidder, the City and bond counsel.
- (b) The City intends that the provisions of Treasury Regulation Section 1.148-1(f)(3)(i) (defining "competitive sale" for purposes of establishing the issue price of the bonds) will apply to the initial sale of the bonds (the "Competitive Sale Requirements") because:
 - (1) the City is disseminating this Notice of Sale to potential underwriters in a manner that is reasonably designed to reach potential underwriters;
 - (2) all bidders shall have an equal opportunity to bid;
 - (3) the City anticipates receiving bids from at least three underwriters of municipal bonds who have established industry reputations for underwriting new issuances of municipal bonds; and
 - (4) the City anticipates awarding the sale of the bonds to the bidder who submits a firm offer to purchase the bonds at the lowest true interest cost, as set forth in this Notice of Sale.

Any bid submitted pursuant to this Notice of Sale shall be considered a firm offer for the purchase of the bonds, as specified in the bid.

(c) In the event that all of the Competitive Sale Requirements are not satisfied, the City shall so advise the winning bidder. The City will <u>not</u> require bidders to comply with the "hold-the-offering price rule" (as described below), and therefore does not intend to use the initial offering price to the public as of the sale date of any maturity of the bonds as the issue price of that maturity, though the winning bidder, in consultation with the City, may elect to apply the "hold-the-offering price rule." Bids will <u>not</u> be subject to cancellation in the event the Competitive Sale Requirements are not satisfied. Unless a bidder intends to apply the "hold-the-offering price rule" (as described below), bidders should prepare their bids on the assumption that all of the maturities of the bonds will be subject to the 10% Test (as described below). The winning bidder must notify the City of its intention to apply either the "hold-the-price rule" or the 10% Test at or prior to the time the bonds are awarded.

If the winning bidder <u>does not</u> request that the "hold-the-offering price rule" apply to determine the issue price of the bonds, then the following two paragraphs shall apply:

- (1) The City shall treat the first price at which 10% of a maturity of the bonds (the "10% Test") is sold to the public as the issue price of that maturity, applied on a maturity-by-maturity basis. The winning bidder shall advise the City if any maturity of the Bonds satisfies the 10% Test as of the date and time of the award of the bonds; and
- (2) Until the 10% Test has been satisfied as to each maturity of the bonds, the winning bidder agrees to promptly report to the City the prices at which the unsold bonds of that maturity have been sold to the public. That reporting obligation shall continue, whether or not the closing date has occurred, until the 10% Test has been satisfied as to the bonds of that maturity or until all bonds of that maturity have been sold.

If the winning bidder <u>does</u> request that the "hold-the-offering price rule" apply to determine the issue price of the bonds, then the following three paragraphs shall apply:

- (1) The winning bidder, in consultation with the City, may determine to treat (i) pursuant to the 10% Test, the first price at which 10% of a maturity of the bonds is sold to the public as the issue price of that maturity and/or (ii) the initial offering price to the public as of the sale date of any maturity of the bonds as the issue price of that maturity (the "hold-the-offering price rule"), in each case applied on a maturity-by-maturity basis. The winning bidder shall advise the City if any maturity of the bonds satisfies the 10% Test as of the date and time of the award of the bonds. The winning bidder shall promptly advise the City, at or before the time of award of the bonds, which maturities of the bonds shall be subject to the 10% Test or shall be subject to the hold-the-offering price rule or both.
- (2) By submitting a bid, the winning bidder shall (i) confirm that the underwriters have offered or will offer the bonds to the public on or before the date of the award at the offering price or prices (the "initial offering price"), or at the corresponding yield or yields, set forth in the bid submitted by the winning bidder, and (ii) if the hold-the-offering-price rule applies, agree, on behalf of the underwriters participating in the purchase of the bonds, that the underwriters will neither offer nor sell unsold bonds of any maturity to which the hold-the-offering-price rule shall apply to any person at a price that is higher than the initial offering price to the public during the period starting on the sale date and ending on the earlier of the following:
 - (A) the close of the fifth (5th) business day after the sale date; or
 - (B) the date on which the underwriters have sold at least 10% of that maturity of the bonds to the public at a price that is no higher than the initial offering price to the public;

The winning bidder shall promptly advise the City when the underwriters have sold 10% of that maturity of the bonds to the public at a price that is no higher than the initial offering price to the public, if that occurs prior to the close of the fifth (5th) business day after the sale date.

(3) The City acknowledges that, in making the representation set forth above, the winning bidder will rely on (i) the agreement of each underwriter to comply with the hold-the-offering-price rule, as set forth in an agreement among underwriters and the related pricing wires, (ii) in the event a selling group has been created in connection with the initial sale of the bonds to the public, the agreement of each dealer who is a member of the selling group to comply with the hold-the-offering-price rule, as set forth in a selling group agreement and the related pricing wires, and (iii) in the event that an underwriter is a party to a retail distribution agreement that was employed in connection with the initial sale of the bonds to the public, the agreement of each broker-dealer that is a party to such agreement to comply with the hold-the-offering-price rule, as set forth in the retail distribution agreement and the related

pricing wires. The City further acknowledges that each underwriter shall be solely liable for its failure to comply with its agreement regarding the hold-the-offering-price rule and that no underwriter shall be liable for the failure of any other underwriter, or of any dealer who is a member of a selling group, or of any broker-dealer that is a party to a retail distribution agreement to comply with its corresponding agreement regarding the hold-the-offering-price rule as applicable to the bonds.

- By submitting a bid, each bidder confirms that: (i) any agreement among underwriters, any selling group agreement and each retail distribution agreement (to which the bidder is a party) relating to the initial sale of the bonds to the public, together with the related pricing wires, contains or will contain language obligating each underwriter, each dealer who is a member of the selling group, and each broker-dealer that is a party to such retail distribution agreement, as applicable, to (A) report the prices at which it sells to the public the unsold bonds of each maturity allotted to it until it is notified by the winning bidder that either the 10% Test has been satisfied as to the bonds of that maturity or all bonds of that maturity have been sold to the public and (B) comply with the hold-theoffering-price rule, if applicable, in each case if and for so long as directed by the winning bidder and as set forth in the related pricing wires; and (ii) any agreement among underwriters relating to the initial sale of the bonds to the public, together with the related pricing wires, contains or will contain language obligating each underwriter that is a party to a retail distribution agreement to be employed in connection with the initial sale of the bonds to the public to require each broker-dealer that is a party to such retail distribution agreement, as applicable, to (A) report the prices at which it sells to the public the unsold bonds of each maturity allotted to it until it is notified by the winning bidder or such underwriter that either the 10% Test has been satisfied as to the bonds of that maturity or all bonds of that maturity have been sold to the public and (B) comply with the hold-the-offering-price rule, if applicable, in each case if and for so long as directed by the winning bidder or such underwriter and as set forth in the related pricing wires.
- (e) Sales of any bonds to any person that is a related party to an underwriter shall not constitute sales to the public for purposes of this Notice of Sale. Further, for purposes of this Notice of Sale:
 - (1) "public" means any person other than an underwriter or a related party,
 - (2) "underwriter" means (i) any person that agrees pursuant to a written contract with the City (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the bonds to the public and (ii) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (i) to participate in the initial sale of the bonds to the public (including a member of a selling group or a party to a retail distribution agreement participating in the initial sale of the bonds to the public);
 - (3) a purchaser of any of the bonds is a "related party" to an underwriter if the underwriter and the purchaser are subject, directly or indirectly, to (i) more than 50% common ownership of the voting power or the total value of their stock, if both entities are corporations (including direct ownership by one corporation of another), (ii) more than 50% common ownership of their capital interests or profits interests, if both entities are partnerships (including direct ownership by one partnership of another), or (iii) more than 50% common ownership of the value of the outstanding stock of the corporation or the capital interests or profit interests of the partnership, as applicable, if one entity is a corporation and the other entity is a partnership (including direct ownership of the applicable stock or interests by one entity of the other); and
 - (4) "sale date" means the date that the bonds are awarded by the City to the winning bidder. <u>LEGAL OPINION</u>: Bids shall be conditioned upon the approving opinion of Miller, Canfield, Paddock and Stone, P.L.C., attorneys of Detroit, Michigan, a copy of which opinion will be furnished without expense to the purchaser of the bonds at the delivery thereof. The fees of Miller, Canfield, Paddock and Stone, P.L.C. for services rendered in connection with such approving opinion are expected to be paid from bond proceeds. Except to the extent necessary to issue its approving opinion as to validity of the above bonds, Miller, Canfield, Paddock and Stone, P.L.C. has not been requested to examine or review and has not examined or reviewed any financial

documents, statements or materials that have been or may be furnished in connection with the authorization, issuance or marketing of the bonds, and accordingly will not express any opinion with respect to the accuracy or completeness of any such financial documents, statements or materials.

<u>DELIVERY OF BONDS</u>: The City will furnish bonds ready for execution at its expense. Bonds will be delivered without expense to the purchaser through DTC in New York, New York, or such other place to be agreed upon. The usual closing documents, including a certificate that no litigation is pending affecting the issuance of the bonds, will be delivered at the time of delivery of the bonds. If the bonds are not tendered for delivery by twelve o'clock noon, prevailing Eastern Time, on the 45th day following the date of sale, or the first business day thereafter if said 45th day is not a business day, the successful bidder may on that day, or any time thereafter until delivery of the bonds, withdraw its proposal by serving notice of cancellation, in writing, on the undersigned. Payment for the bonds shall be made in Federal Reserve Funds.

<u>CUSIP NUMBERS</u>: It is anticipated that CUSIP identification numbers will be printed on the bonds, but neither the failure to print such numbers on any bonds nor any error with respect thereto shall constitute cause for a failure or refusal by the purchaser thereof to accept delivery of and pay for the bonds in accordance with terms of the purchase contract. All expenses in relation to the printing of CUSIP numbers on the bonds shall be paid for by the City; provided, however, that the CUSIP Service Bureau charge for the assignment of such numbers shall be the responsibility of and shall be paid for by the purchaser.

OFFICIAL STATEMENT: A preliminary Official Statement that the City deems to be final as of its date, except for the omission of information permitted to be omitted by Rule 15c2-12 of the Securities and Exchange Commission, has been prepared and may be obtained from Baker Tilly Municipal Advisors, LLC, financial advisors to the City, at the address and telephone listed under MUNICIPAL ADVISOR below. Baker Tilly Municipal Advisors, LLC will provide the winning bidder with an electronic copy of the final Official Statement within 7 business days from the date of sale to permit the purchaser to comply with Securities and Exchange Commission Rule 15c2-12. Within 24 hours of the time of sale, the purchaser may request printed copies of the Official Statement from Baker Tilly Municipal Advisors, LLC. The purchaser agrees to pay the cost of printed copies.

BOND INSURANCE AT PURCHASER'S OPTION: If the Bonds qualify for issuance of any policy of municipal bond insurance or commitment therefor at the option of the bidder/purchaser, the purchase of any such insurance policy or the issuance of any such commitment shall be at the option and expense of the purchaser of the Bonds. Any and all increased costs of issuance of the Bonds resulting from such purchase of insurance shall be paid by the purchaser, except that if the City has requested and received a rating on the Bonds from a rating agency, the City shall pay the fee for the requested rating. Any other rating agency fees shall be the responsibility of the purchaser. FAILURE OF THE MUNICIPAL BOND INSURER TO ISSUE THE POLICY AFTER THE BONDS HAVE BEEN AWARDED TO THE PURCHASER SHALL NOT CONSTITUTE CAUSE FOR FAILURE OR REFUSAL BY THE PURCHASER TO ACCEPT DELIVERY OF THE BONDS FROM THE CITY.

CONTINUING DISCLOSURE: As described more fully in the Official Statement, the City has agreed to provide or cause to be provided, in accordance with the requirements of Rule 15c2-12 promulgated by the Securities and Exchange Council, on or prior to the sixth month after the end of each fiscal year commencing with the fiscal year ended June 30, 2023, (i) certain annual financial information and operating data, including audited financial statements for the preceding fiscal year, generally consistent with the information contained or cross-referenced in the Official Statement relating to the bonds, (ii) timely notice of the occurrence of certain material events with respect to the bonds and (iii) timely notice of a failure by the City to provide the required annual financial information on or before the date specified in (i) above.

<u>BIDDER CERTIFICATION: NOT "IRAN-LINKED BUSINESS"</u> By submitting a bid, the bidder shall be deemed to have certified that it is not an "Iran-Linked Business" as defined in Act 517 Michigan Public Acts of 2012, being MCL 129.311 et. seq.

STATE SOCIAL WELFARE ACT

DISCUSSION

Mr. Zettel spoke of the letter he received from Genesee County Drain Commissioner's Office. It was regarding the draft of proposed legislation that will impact each water

provider in the State of Michigan. The bill proposes to amend "the social welfare act" by adding a fee to your water supply system. He stated his concerns and doesn't agree with this

Jasper Martus commented that he wasn't aware of this initiative. He will follow up with Adam once he gets some more information on this.

Councilmembers voiced their concerns and don't agree with this.

MEETING OPENED TO THE PUBLIC:

None.

REMARKS BY COUNCILMEMBERS:

Councilmember Knickerbocker commented on lots of good information & dialogue tonight. Adding a fee to the water supply infuriates him.

Councilmember Gilbert thanked Mr. Martus for attending the meeting.

Mayor Pro Tem Hicks mentioned the little library is up at Shumaker Bicentennial Park. She asked if we could get rid of the barrel that contained flowers at one time, in front of the Vision on Miller Road. It is empty and in bad condition.

Councilmember Cramer had a request from a resident on Seymour Road that would like council to entertain the thought of lowering the speed limit from 30 MPH to 25 MPH. He is waiting to hear back from GFL about a tour of the recycling center.

Councilmember Henry stated on August 1, 2023, at 5-8 pm. the Metro Police Authority is having the National Night Out open house. That is the same night of our Planning Commission Meeting.

Councilmember Spillane spoke of issues with streetlights not working. He would like someone to routinely check all lights in the city and put in orders with Consumers for repairs. There are also issues with overgrowth across sidewalks that need to be addressed. He noticed some on Elms Road from Bristol Road to the school.

Mayor Krueger thanked Mr. Martus for attending the meeting. He will not be at the next meeting he will be on vacation. Everyone have a great rest of the summer.

MEMORANDUM

TO: Clerks – Participating Local Units of Government

FROM: Cody Roblyer, Lead Planner

Genesee County Metropolitan Planning Commission

DATE: July 20, 2023

SUBJECT: Genesee County Solid Waste Management Plan Amendment Approval

On July 19, 2023, the Genesee County Board of Commissioners approved an amendment to the Genesee County Solid Waste Management Plan (SWMP). The Genesee County SWMP is required by the Michigan Department of Environment, Great Lakes, and Energy (EGLE) to ensure that the county can properly dispose of waste for the next ten years. More specifically, the SWMP describes materials management data, public input, deficiencies, goals and objectives to enhance materials management practices, solid waste facilities, as well as implementation strategies to improve Genesee County's solid waste system.

Part 115 of Michigan Public Act 451 of 1994 requires that 67% of all local units of government approve the plan amendment through a resolution of support prior to submitting the plan to the Michigan Department of Environment, Great Lakes, and Energy (EGLE) for final approval. Staff is requesting that local units begin to review the plan and move the plan through your local approval process. Please keep us up to date on the progress of local approval. We will be contacting local units throughout the next month to check on the status of local approval. An example resolution of support is attached for your convenience.

A link to a summary sheet of the SWMP can be found here: http://gcmpc.org/wp-content/uploads/2023/07/SWMP-Summary-Sheet.pdf

A link to the full copy of the SWMP can be found here: http://gcmpc.org/wp-content/uploads/2023/07/Genesee-County-SWMP-amendment-Approved.pdf

Please be aware that in March 2023, Governor Whitmer approved changes to Part 115 regulations which will require all Michigan counties to develop new Materials Management Plans (MMP) replacing existing Solid Waste Management Plans. Receiving approval for Genesee County's SWMP amendment may overlap with the start of the MMP process. Due to this, EGLE will only review and approve specific components of the SWMP amendment. This primarily includes two changes to Genesee County solid waste facilities: the removal of

the closed Richfield Landfill in Richfield Township from the SWMP and changes to property acreage at Brent Run Landfill in Montrose Township.

Should you require additional information about the SWMP amendment or have any questions about the approval process, please contact me at (810) 766-6570 or croblyer@geneseecountymi.gov.

Sincerely,

Cody Roblyer, Lead Planner

The current waste diversion rate in Genesee County is 9% which includes both recycling and composting materials. This means that the county is behind other Michigan communities since the average statewide diversion rate is 18%. Knowing there is room for improvement, the solid waste management plan amendment sets forth goals, objectives, and strategies to establish materials management best practices and enhance local waste diversion programs.

It is the responsibility of the event coordinator(s) to ensure that all parade participants are made aware of the regulations that directly affect them and by signing this document herby acknowledge that they have received a copy of these regulations and accept said responsibility.

STANDARD TERMS: This contract shall be subject to the standard terms as per attached. It is expressly understood that everything concerning this contract is incorporated herein and that nothing verbal shall be constructed as part hereof.

- TIMELY DELIVERY OF SITE: Customer must turn over site subject to acceptance by Ace-Saginaw Paving Company on or before NA. 1.
- 2. This proposal is specifically based upon Customer's delivery of site by this date. If Customer fails to deliver site in acceptable condition by the stated time, then Ace-Saginaw Paving Company shall be entitled to recover from Customer cost increases which arise out of such delay.

Variations in subgrade conditions and technical limitations may result in variations from this average. We warrant that sufficient material will be used on the project to result in the average thickness named.
- DRAINING: Paving Industry Standards for the proper design of asphalt pavement require a minimum slope of 1% in all areas (one foot of fall 4. for every 100 feet). If the proposed grades on this project result in less than the minimum acceptable slope of 1%, the customer should expect sluggish runoff of surface water, and "birdbath" puddles on the completed pavement. Such problems will not be subject to correction under our warranty.
- 5. EXTRA WORK: Should the need arise for work that goes beyond the scope of what is outlined in this proposal, we will cover such work in a separate proposal, subject to our standard terms. - The total cost of the work includes all materials and labor complete and in place for each item listed, unless otherwise indicated.
- If approved plans, specs. and dimensions are acknowledged on the front of this form the prices given may be considered firm. If approved 10. plans, specs, and dimensions are not provided or in the event revisions to the plans and/or specs are made the total price shall be determined by applying unit prices to actual measured quantities.
- Unless otherwise stated, the prices herein will remain in effect for a period of ten days from the date of this quotation. 11.

- 12. Full payment is due upon completion of project. Overdue amounts shall bear interest at the maximum allowable rate.
- 13. Ace-Saginaw Paving Company will not be responsible for existing soil conditions, existing base aggregates furnished by others or existing asphalt that is deteriorating.

- 16. It is agreed that no promises, agreements or understanding have been made other than herein contained; that no agent or salesman has any authority to obligate Ace-Saginaw Paving Company to any terms, stipulations or conditions not herein expressed.
- 17. Failure of Ace-Saginaw Paving Company to enforce any of these conditions or to exercise any right shall not affect Ace-Saginaw Paving Company rights nor shall any such failure act as a waiver in respect of other future occurrences.
- 18. No retention is to be held on this contract.
- Ace-Saginaw Paving Company reserves the right not to commence work on this project if your account is or becomes delinquent, or if you, the lender, owner, general contractor, construction manager, or any party to the contract, are experiencing financial difficulty. Further, if at any time during the course of this project, the payment terms set forth in this Agreement are not strictly complied with, or if you, the lender, owner, general contractor, construction manager, or any party to the contract are experiencing financial difficulty, Ace-Saginaw Paving Company reserves the right to suspend or terminate the provision of labor and materials until the past due account balances are brought to current and are maintained in compliance with Ace-Saginaw Paving Company credit terms under this Agreement, and the financial difficulty has been resolved.
- 20. Neither party shall be liable to the other for any delay or failure in performance (other than to make payments when due) to the extent that it is caused by circumstances beyond it's reasonable control, or by fire; explosion; flood; earthquake; storm; civil insurrection; act of God; mechanical breakdown; sabotage or vandalism; strike or other labor disturbance (Seller shall not be required to settle a labor dispute or take action that might involve it in a labor dispute); shortages of, significant cost increase of, or delays in obtaining raw materials or finished products, equipment, labor, transportation or storage; interruption of utility services; interruption or loss of the use of facilities; or compliance with any law, regulation or order (regardless of validity) of any governmental or military authority. Subject: Letter Opposing Heavier Trucks

Date: Thursday, July 27, 2023 3:45:19 PM

Dear Adam,

I work on transportation policy issues in Michigan for <u>GoRail</u>, a national non-profit that advances smart transportation policy.

I'm reaching out to you about a bill proposed in Congress to raise the federal weight limit of heavy trucks on our nation's roads. <u>H.R 3372</u> would establish a 10-year "pilot program" for states to test 91,000-pound trucks, a 14% weight increase over the current limit of 80,000 pounds. **We're asking for your help to stop this before it's imposed on your local roads.**

There is already a wealth of data showing this is bad policy, starting with the impact to local roads and bridges and the taxpayers who fund them. An <u>analysis</u> earlier this year looked specifically at local infrastructure—trucks don't just travel on the Interstate after all—and found that the overall cost of 91,000-pound trucks would be \$60.8 billion.

For example, in **Michigan**:

- Number of local bridges at risk with 91,000-pound trucks: 589
- Cost of replacing at-risk local bridges: \$582,546,421

At the current federal weight limit, trucks only cover about 80% of their damage—and a bigger subsidy would mean they pay less. It would also mean more trucks, more traffic, and more emissions as freight gets diverted away from rail. This so-called "pilot project" is really just a backdoor 11,000-pound increase in maximum truck weight.

We're working with the Coalition Against Bigger Trucks (CABT) on a group letter from state and local government officials like yourself to be sent to Congress **before H.R. 3372 potentially comes up for a floor vote as early as September**. A similar letter from CABT in 2019 had over 1,000 signers from communities across the country and we're hoping this effort will send a powerful message to Congress that local roads and bridges simply cannot handle heavier trucks.

Please click this link to learn more and let us know if we can add your name to the letter. You can also simply respond "add my name" to this email if you wish to sign.

Please reach out if I can answer any questions.

Thank you, Michael

Greater Flint Athletic Club Cyclocross Race

Background:

The Greater Flint Athletic Club (GFAC) is a group of athletes with a common goal of connecting with other like-minded athletes. As a group, we support community events and each member in their respective fitness goals. We organize weekly runs and rides for members and guests of all levels as well as events like First Try. We are a non-profit organization. (from https://www.greaterflintathleticclub.com/about-us)

Cyclocross is a unique, non-Olympic discipline of cycling that can best be described as a cross between road cycling, mountain biking and steeplechase. Cyclocross races generally take place on a closed circuit in a park or other open land with competitors racing multiple laps. Riders begin in mass-start fashion and must navigate through both paved and off-road terrain, oftentimes dismounting their bikes to hurdle barriers, climb steep hills or stairs, or traverse other obstacles. Cyclocross racing is a very spectator-friendly discipline of competitive cycling given the short, closed course, the fast pace, the unique equipment and the interesting obstacles the competitors are faced with. (from https://usacycling.org/article/what-is-cyclocross)

Most Michigan cyclocross races take place in Southeast or Western parts of the state. GFAC was asked if we would like to host a race and were excited by the opportunity to bring one of these unique races to Genesee County. Personally, as a resident of Swartz Creek, I wanted to take the opportunity to showcase our city by holding the race here and I believe the unique terrain of Otterburn park will make it a great venue.

Benefit to Swartz Creek:

This race has the potential to bring cyclists from around the state to our city to patronize our businesses on race day and see what Swartz Creek has to offer! In addition, GFAC members will be volunteering to help on the Otterburn work day in August to help that project progress.

Request:

We would like to utilize Otterburn park on Sunday, September 17th, 2023 for this cyclocross race. We would begin timing setup and course marking around 8am. The course would be open for practice rides and racing until about 3pm then we would begin removing all marking and equipment. During the race we will need to make race-related announcements that will need to be amplified for participants to hear instructions. We will avoid affecting any installed disc golf features and anticipate utilizing as much of the park as possible. We do not anticipate any impact to the park other than it being unavailable for other activities on this day. As there are currently no restrooms, we will contract with a vendor to provide portable facilities for participants for the duration of the event.

Re: City of Swartz Creek, 2023 Capital Improvement Bond Authorizing Resolution

Dear Adam:

I have enclosed the Resolution Authorizing the 2023 Capital Improvement Bonds (Limited Tax General Obligation) to be considered for approval by the City Council at its meeting on Monday, August 14th. The Resolution authorizes the issuance of Bonds in the amount not to exceed \$8,000,000 (though an expected amount of \$6,400,000) for the purpose of paying all or part of the costs of certain capital improvements in the City, consisting of road improvements, including all related equipment, appurtenances and attachments. The Resolution is based upon the bond specifications prepared Baker Tilly Municipal Advisors, LLC, the City's financial advisors.

The Bonds will pledge the City's limited tax full faith and credit for the payment of debt service. The Resolution sets forth the terms of the Bonds, the form of Bonds, the form of notice of sale and provides for a competitive public sale of the Bonds. The Resolution also authorizes various City officials to take the necessary actions to issue, sell and deliver the Bonds and delegates the authority to award the Bonds to the City Manager and Treasurer (the "Authorized Officers"). There are various blanks in the Resolution in the form of bond (Section 6) and form of Notice of Sale (Section 7) that are intended to be in blank; those items will be completed in the final forms of those documents.

The Resolution is the only remaining approval from the City Council needed to issue and sell the Bonds. If approved, the Resolution authorizes either Authorized Officer to take the necessary steps to select the sale date, proceed with the sale of the Bonds and award the Bonds on the date of the sale of the Bonds to the bidder whose bid produces the lowest interest cost to the City. It also allows an Authorized Officer to reduce the size of the Bonds either before or at the time of sale of the Bonds based on the bid premium which may be received at the time of sale.

We would appreciate receiving three (3) certified copies of the Resolution upon adoption

Pension Plans

Defined Benefit Pension Plan

The City participates in an agent multiple-employer defined benefit pension plan administered by the Municipal Employees' Retirement System of Michigan (MERS), that covers some employees of the City. MERS was established as a statewide public employee pension plan by the Michigan Legislature under PA 135 of 1945 and is administered by a nine-member retirement board. MERS issues a publicly available financial report, which includes the financial statements and required supplemental information of this defined benefit plan. This report can be obtained at www.mersofmichigan.com or by writing to MERS at 1134 Municipal Way, Lansing, MI 48917.

Benefits Provided

The plan provides certain retirement, disability, and death benefits to plan member and beneficiaries. Benefit terms, within the parameters established by MERS, are generally established and amended by authority of the City Council, generally after negotiations of these terms with the affected unions.

Employees Covered by Benefit Terms

At the December 31, 2021 measurement date, the following employees were covered by the benefit terms:

Inactive plan members or beneficiaries currently receiving benefits	15
Active plan members	2
Total employees covered by MERS	17

Contributions

Article 9, Section 24 of the State of Michigan Constitution requires that financial benefits arising on account of employee service rendered in each year be funded during that year. Accordingly, MERS retains an independent actuary to determine the annual contributions. The employer is required to contribute amounts at least equal to the actuarially determined rate, as established by the MERS retirement board. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by plan members during the year with an additional amount to finance any unfunded accrued liability. The employer may establish contribution rates to be paid by its covered employees.

For general employees hired prior to July 1, 1997, the plan provides that the employer and employees contribute amounts necessary to fund the actuarially determined benefits. General employees hired prior to July 1, 1997 are required to deposit 2 percent of all monetary compensation, including overtime. The City makes employer contributions in accordance with funding requirements determined by MERS' actuary. The City's average monthly contribution was approximately \$592 for general employees hired prior to July 1, 1997.

For supervisor employees hired prior to July 1, 1997, the plan provides that the employer and employees contribute amounts necessary to fund the actuarially determined benefits. Supervisor employees hired prior to July 1, 1997 are required to contribute 4 percent of all monetary compensation, including overtime. The City makes employer contributions in accordance with funding requirements determined by MERS' actuary. The City currently does not have a required monthly contribution for supervisor employees hired prior to July 1, 1997, although the City's average monthly contribution was approximately \$5,500 for supervisor employees.

For the defined contribution plan, the City contributes 7 percent of supervisors' wages and 5 percent of AFSCME employees' annual compensation. No employee contributions are required, but voluntary contributions can be made by the participants in accordance with IRS regulations. Participants vest in the employer contribution at the rate of 20 percent for each year of employment, becoming fully vested after five years. Contribution requirements and plan provisions are established and may be amended by the City Council.

Net Pension Liability

The City has adopted, by ordinance, a defined contribution money purchase pension plan administered by MERS and deferred compensation 457 retirement plans administered by MERS and ICMA Retirement Corporation. In a defined contribution plan, benefits depend solely on amounts contributed to the plan plus investment earnings. The plan is for all full-time supervisors and employees represented by AFSCME hired after July 1, 1997. The City contributes 7 percent of supervisors' wages and 5 percent of AFSCME employees' annual compensation. No employee contributions are required, but voluntary contributions can be made by the participants in accordance with IRS regulations. Participants vest in the employer contribution at the rate of 20 percent for each year of employment, becoming fully vested after five years. Contribution requirements and plan provisions are established and may be amended by the City Council.

The City's total payroll during the current year was \$706,000. The current year contribution was calculated based on covered payroll of \$706,000, resulting in an employer contribution of \$41,665. The 457 deferred compensation plan is open to all of the employees of the City on a voluntary basis.

PROPERTY VALUATION AND TAXES

Property Valuations

Article IX, Section 3, of the Michigan Constitution provides that the proportion of true cash value at which property shall be assessed shall not exceed 50% of true cash value. The Michigan Legislature by statute has provided that property shall be assessed at 50% of its true cash value, except as described below. The Michigan Legislature or the electorate may at some future time reduce the percentage below 50% of true cash value.

On March 15, 1994, the electors of the State approved an amendment to the Michigan Constitution permitting the Legislature to authorize ad valorem taxes on a non-uniform basis. The legislation implementing this constitutional amendment added a new measure of property value known as "Taxable Value." Since 1995, taxable property has had two valuations—state equalized valuation ("SEV") and Taxable Value. Property taxes are levied on Taxable Value. Generally, the Taxable Value of property is the lesser of: (a) the property's Taxable Value in the immediately preceding year minus any losses, multiplied by the lesser of 1.05 or the inflation rate, plus all additions, or (b) the property's current SEV. Under certain circumstances, therefore, the Taxable Value of property may be different from the same property's SEV.

When property is sold or transferred, Taxable Value is adjusted to the SEV, which under existing law is 50% of the current true cash value. The Taxable Value of new construction is equal to current SEV. The Taxable Value and SEV of existing property are also adjusted annually for additions and losses.

Responsibility for assessing taxable property rests with the local assessing officer of each township and city. Any property owner may appeal the assessment to the local assessor, to the local board of review and ultimately to the Michigan Tax Tribunal.

The Michigan Constitution also mandates a system of equalization for assessments. Although the assessors for each local unit of government within a county are responsible for actually assessing at 50% of true cash value, adjusted for Taxable Value purposes, the final SEV and Taxable Value are arrived at through several steps. Assessments are established initially by the municipal assessor. Municipal assessments are then equalized to the 50% levels as determined by the County's Department of Equalization. Thereafter, the State equalizes the various counties in relation to each other. SEV is important, aside from its use in determining Taxable Value for the purpose of levying ad valorem property taxes, because of its role in the spreading of taxes between overlapping jurisdictions, the distribution of various State aid programs, State revenue sharing and in the calculation of debt limits.

Property that is exempt from property taxes, e.g., churches, government property, public schools, is not included in the SEV and Taxable Value. Property granted tax abatements under Act 198, Public Acts of Michigan, 1974, as amended ("Act 198"), is recorded on separate tax rolls while subject to tax abatement. The valuation of tax abated property is based upon SEV but is not included in either the SEV or Taxable Value data in the Official Statement except as noted.

Michigan Personal Property Tax Reform

The voters of the State approved enactment of Michigan Public Acts 153 and 154 of 2013 and Acts 80 and 86 through 93 of 2014 by referendum on August 5, 2014 (collectively, the "PPT Reform Acts"), which significantly reformed Personal Property tax in Michigan.

Under the PPT Reform Acts, owners of industrial and commercial Personal Property with a total true cash value of \$80,000 or less may file an affidavit claiming a Personal Property tax exemption. To be eligible for the exemption, all of the commercial or industrial Personal Property within a city or township that is owned by, leased to, or controlled by the claimant has to have an accumulated true cash value of \$80,000 or less. Beginning in calendar year 2016, owners of certain manufacturing Personal Property that was either purchased after December 31, 2012, or that is at least 10 years old may claim an exemption from Personal Property tax. By 2022, all eligible manufacturing Personal Property was at least 10 years old or purchased after December 31, 2012, so that it could be exempted from Personal Property tax.

To replace personal property tax revenues lost by local governments, the PPT Reform Acts divided the existing state use tax into two components, a "state share tax" and a "local community stabilization share tax," and established the Local Community Stabilization Authority (the "LCSA") to administer distribution of the local community stabilization share. The Michigan Department of Treasury collects the local community stabilization share tax on behalf of the LCSA. The local community stabilization share tax revenues are not subject to the annual appropriations process and are provided to the LCSA for distribution pursuant to a statutory formula. The statutory formula is anticipated to provide 100% reimbursement to local governments for losses due to the new personal property tax exemptions. The LCSA began distributions of the local community stabilization share tax to local governments on November 21, 2016. The City received \$69,466.52 in 2022 from the LCSA to replace lost personal property tax revenues.

The ultimate nature, extent and impact of any other future amendments to Michigan's property tax laws on the City's finances cannot be predicted. Purchasers of the Bonds should consult with their legal counsel and financial advisors as to the consequences of any such legislation on the market price or marketability of the Bonds, the security therefor and the operations of the City.

Tax Increment Authorities

Act 57, Public Acts of Michigan, 2018, as amended (the "Recodified Tax Increment Financing Act") and Act 381, Public Acts of Michigan, 1996, as amended (the "Brownfield Act")(together, the "TIF Acts") authorize the designation of specific districts known as Tax Increment Finance Authority ("TIFA") Districts, Downtown Development Authority ("DDA") Districts, Local Development Finance Authority ("LDFA") Districts, Corridor Improvement Authority ("CIA") Districts or Brownfield Redevelopment Authority ("BRDA") Districts, which are authorized to formulate tax increment financing plans for public improvements, economic development, neighborhood revitalization, historic preservation and environmental cleanup within the district.

Tax increment financing permits the TIFA, DDA, LDFA, CIA or BRDA to capture tax revenues attributable to increases in value of real and personal property located within an approved development area while any tax increment financing plans by an established district are in place. These captured revenues are used by the authorities and are not passed on to the local taxing jurisdictions.

The City has a Downtown Development Authority with a captured 2023 Taxable Value of \$6,313,073.

Property Taxes

Michigan statute provides that all ad valorem taxes be levied upon Taxable Value. The City's ability to tax is limited by the Michigan Constitution, statutes and City Charter. The maximum allowable operating millage for a typical Michigan City is 20.0000 mills, although, the City of Swartz Creek has a self-imposed charter limit of 5.0000 mills. A mill is equal to \$1.00 for each \$1,000 of SEV or Taxable Value.

In November 1978, the electorate of the State of Michigan passed an amendment to the State Constitution (the "Headlee Amendment") which placed certain limitations on increases to taxes by the State and political subdivisions from currently authorized levels of taxation. The Amendment and the enabling legislation, Act 35, Michigan Public Acts of 1979, may have the effect of reducing the maximum authorized tax rate which could be levied by a local taxing unit. Under the Amendment's millage reduction provisions ("Headlee Rollback"), should the value of taxable property, exclusive of new construction, increase at a percentage greater than the percentage increase in the Consumer Price Index, the maximum authorized tax rate would be reduced by a factor which would result in the same maximum potential tax revenues to the local taxing unit as if the valuation of taxable property (less new construction) had grown only at the inflation rate.

The City operating millage maximum after the Headlee Amendment rollback, is 4.6938 mills for the 2023 levy.

In addition to the City's property tax rates, residents of the City must pay property taxes to other units of local government. Beginning in 1994, a State Education Tax of 6.00 mills is levied by the State on all real and personal property currently subject to the general property tax. To be eligible for state school aid, a local school district is also required to levy not more than the lesser of 18.00 mills or the number of mills levied in 1993 for school operating purposes on non-homestead property. These property taxes are in lieu of those previously levied for local school district operating purposes.

⁽¹⁾ Millage expires 12/31/35.

⁽²⁾ Millage expires 12/31/23.

⁽³⁾ The State Education Tax is levied by the State of Michigan for school operating purposes on all Homestead and Non-Homestead property. School districts generally levy up to 18.0000 mills of operating millage on Non-Homestead property. Homestead generally means a dwelling or unit in a multiple-unit dwelling subject to ad valorem property taxes that is owned and occupied as a principal residence by the owner of the dwelling or unit. Property that is specifically included as Homestead is defined in the Revised School Code, Act 451, Public Acts of Michigan, 1976, as amended.

Tax Levies and Collections

The City's fiscal year begins on July 1. Property taxes are levied on each July 1 (lien date and due date) on the taxable valuation of property as of the preceding December 31. Real and personal property taxes are collected without additional charge from a period of 45 days from the date the bills are due. After that period of time, three percent penalty and interest at one percent per month are added to all unpaid taxes. The City continues to collect taxes until March 1, at which time the delinquent real property taxes are returned to the county for collection. The county's policy has been to pay the City for all delinquent real property taxes returned. The City continues to collect delinquent personal property taxes.

Genesee County (the "County") is responsible for the collection of real property taxes which are delinquent as of March 1 of each fiscal year (the "Delinquent Real Property Taxes"). Each year the County purchases from the various government units, including the City, all Delinquent Real Property Taxes from a delinquent tax payment fund established by the County. Act 123, Public Acts of Michigan, 1999, as amended ("Act 123"), which became effective October 1, 1999, made significant changes with respect to the collection of delinquent real property taxes. Act 123 shortened the process for the collection of delinquent taxes from approximately six years (including statutory redemptions) to less than three years.

The purchase by the County from the City of Delinquent Real Property Taxes as set forth above may be dependent upon the sale by the County of delinquent tax notes for that purpose, and there can be no assurance that the County will issue such delinquent tax notes or purchase such Delinquent Real Property Taxes in any fiscal year. Personal property taxes uncollected are nominal. Suit may be brought to collect personal property taxes, and personal property may be seized and sold to satisfy the claim for unpaid taxes thereon.

The following table reflects the actual property tax revenue, based on operating millage, for the City. Due to the County purchase of Delinquent Real Property Taxes, described above, collections to June 1 are at or near 100%.

Revenues from the State of Michigan

The City receives revenue sharing payments from the State of Michigan under the State Constitution and the State Revenue Sharing Act of 1971, as amended. The revenue sharing payments are composed of two components – a constitutional distribution and a statutory distribution.

The constitutional distribution is mandated by the State Constitution and distributed on a per capita basis to townships, cities and villages. The amount of the constitutionally mandated revenue sharing component distributed to the City can vary depending on the population of the City and the receipt of sales tax revenues by the State.

The statutory distribution is authorized by legislative action and the distribution is subject to annual State appropriation by the State Legislature. Statutory distributions may be reduced or delayed by Executive Order during any State fiscal year in which the Governor, with the approval of the State Legislature's appropriations committees, determines that actual revenues will be less than the revenue estimates on which appropriations were based.

On September 29, 2021, Governor Whitmer signed into law the budget for fiscal year 2022. The budget includes a constitutional revenue sharing distribution to cities, villages and townships of approximately \$912.04 million. The budget continues the incentive-based revenue sharing program known as the City, Village, and Township Revenue Sharing (or "CVTRS") program begun in fiscal year 2015 that distributes revenue sharing to cities, villages and townships that meet requirements for accountability and transparency, including making a citizen's guide to its finances, a performance dashboard, a debt service report and a two-year budget projection available for public viewing. The CVTRS program is funded at \$266.2 million for fiscal year 2022, and each city, village and township that received a CVTRS distribution in fiscal year 2021 is eligible to receive a payment equal to 102.0% of its 2021 distribution. Each city, village or township that is determined to have a retirement pension benefit system in underfunded status under section 5 of Act 202, Public Acts of Michigan, 2017, must allocate the excess of the amount it receives in 2022 CVTRS payments over the amount it received in CVTRS payments in fiscal year 2019 to its unfunded pension liability. The fiscal year 2022 budget continues funding for the revenue sharing grant program for financially distressed communities at the 2021 level of \$2.5 million.

Any portion of the CVTRS payment that the City would be eligible to receive would be subject to certain benchmarks that the City would need to meet, and there can be no assurance what amount, if any, the City would receive under the CVTRS program.

Purchasers of the Bonds should be alerted to further modifications to revenue sharing payments to Michigan local governmental units, to potential consequent impact on the City's general fund condition, and to the potential impact upon the market price or marketability of the Bonds resulting from changes in revenues received by the City from the State.

The following table sets forth the annual revenue sharing payments and other moneys received by the City for fiscal years ended June 30.

Funds Received Under the American Rescue Plan Act of 2021

On March 11, 2021, President Biden signed the American Rescue Plan Act of 2021 ("ARPA"), which provides a total of \$350 billion in assistance to states, counties, municipalities, territories and tribal governments to cover expenses, make up for lost revenue and ease the overall economic impact from the COVID-19 pandemic.

ARPA funds may be used to address the economic effects of COVID-19, including through aid to households, small businesses, nonprofits, and impacted industries such as tourism and hospitality. State and local governments may also use ARPA funds to provide premium pay (up to \$13 per hour or \$25,000 per worker) to essential employees or make grants to the employers of essential employees. State and local governments may also use ARPA funds to make investments in water, sewer and broadband infrastructure, and to provide government services to the extent of any revenue reduction resulting from COVID-19. They may not use ARPA funds to make pension payments or to offset revenue losses resulting from any tax cut, tax delay or tax rebate enacted after March 3, 2021.

Michigan received a total allocation of \$10.6 billion in state and local relief under ARPA, of which the City received \$[578,093.05]. All ARPA funds must be obligated and spent on costs incurred on or before December 31, 2024, and must be expended on or before December 31, 2026.
